N. C. Governor Demands 'Lynchers' Trial

7 RICH SQUARE 'MOB MAKERS' TO STAND TRIAL

JACKSON, N. C. (NNPA)—Seven white men were freed on bond last Saturday to await a hearing September 2 on charges growing out of an attempted lynching of Godwin (Buddy Bush, 24-year-old sawmill worker of Rich Square, were rearrested last Saturday on charges of conspiracy and breaking and entering a jail with intent to kill or injure a prisoner. They were freed immediately on \$2,500 bond each.

Bench Warrant Issued

They were arrested on a bench warrant issued earlier in the day by Superior Court Judge J. Paul Frizelle after Governor R. Gregg Cherry announced that a preliminary hearing for the men would be held in Jackson September 2. If Judge Frizelle finds probable cause against them, they will be bound over to a grand jury in an adjoining county — to be picked by Judge Frizelle.

The arrests took place in the office of Buck Weaver of Rich Square, one of three attorneys for the seven defendants.

The seven defendants are: Robert Vann, pickle factory worker; Russell Bryant, filling station operator; Linwood and Gilbert Bryant, brothers, carpenters; Glenn Collier, barber; Joe Cunningham, assistant theater manager; and W. C. Cooper, lunch stand operator, all of Rich Square.

Special Hearing

Earlier last Saturday at Raleigh Governor Cherry announced that he had issued a commission to Judge Frizelle to sit as a committing judge.

EASTSIDE MAN, FATHER FACES INCEST CHARGE

By OPAL L. TANDY

A man, who by his own admission let his passion for his own daughter get the best of him in a Jekyll and Mr. Hyde love affair, will face charges of incest in the Marion County Criminal Court soon. Arrested by Detectives John R. Glenn and Fred Starks, the 32-year-old East Side resident stated that he had cohabited with his daughter as man and wife for over a year. The child is 15 years old. Glenn and Starks learned through questioning the two that they had lived in Dayton for a while with their mother and wife and two other children. During the time since the child was 12 years old, the detectives learned, the father had carried on his immoral relations with his daughter while his wife had knowledge of it. The child said that her mother

Flash-- BILBO DEAD!

"THE GENTLEMAN FROM MISSISSIPPI" (THEODORE G. BILBO)

News came over the radio early Thursday afternoon, August 21, of the death in a New Orleans hospital of Theodore G. Bilbo, 69, infamous member of the august tribunal, the United States Senate, may his ashes rest in peace. The champion of "white supremacy" is no more.

He was the arch-angel of all who indulged in blasphemy against the true spirit and letter of the Constitution of the United States. The evils he wrought will go on in the hearts and minds of some people for a time, but right will prevail finally, and in another season all the evils of "Bilboism" or the doctrine of "white supremacy" in opposition to fellowship of men under tenets of Christianity will pass away.

2 DETECTIVE TEAMS ARREST YOUNG FORGERS

By OPAL L. TANDY

The combined efforts of two alert and ingenious detective teams cleared up a series of burglary forgeries cases and proved to a small band of would-be "sneakers" that the "weed of crime bears bitter fruit."

Sgt. Spurgeon Davenport and James Rogers arrested the last members of the team of youthful law-breakers this week and brought to a climax one of the most successful of recent forays of this type perpetrated by persons under the age of 21.

Earlier the first members of the gang had been arrested by Detectives Fred Swego and James Partain. Under arrest now and facing charges of forgery and burglary under Criminal Court capias are: Elijah Reed, 20, 463 Asnes; Oliver Harper, 20, 441 1/2 Hiawatha; James Martin, 17, 956 N. Belmont; Roscoe Wallace, 17, 950 N. Pethers; Hack Rush, 20, 960 W. North st.; and Julius Keller, 18, 337 Patterson st.

Although this story began to pay off for the police department on Monday it actually had its devious beginning weeks ago in the form of forged checks. And when Davenport, Rogers, Swego, and Partain finally caught the culprits

Bilbo Says He Fought For His Own Survival

NEW ORLEANS (ANP)—Leon L. Lewis, managing editor of the Negro South and long-time friend of Sen. Bilbo, was granted an exclusive interview with the ailing champion of white supremacy here recently. Through special permission of doctors, Lewis was permitted to go to the bedside of the Mississippi senator who is awaiting another operation, although white reporters and editors have been denied interviews for weeks.

In answer to Lewis' question, "Do you believe Negroes should be allowed indiscriminate use of the ballot?" Bilbo, now softened by cancer of the mouth, replied, "yes."

Race Relations Study Planned at U. of Chicago

CHICAGO (ANP)—Under a grant of \$150,000 to the division of social sciences, the University of Chicago is planning a five-year program of "education, training and research in race relations," according to an announcement by Robert M. Hutchins, chancellor of the institution. The study is being financed by equal grants from the Carnegie corporation and the Rockefeller foundation, and will be directed by Louis Wirth, professor of sociology at the university.

"The problem of race relations," said Wirth, "and of minorities in the United States constitutes a most critical aspect of American democracy today. If the problem are not thoroughly understood and effectively treated, they will furnish a formidable threat to the social progress of America and will undermine the value of democratic civilization as a force in world affairs."

The study will undertake fundamental research with the idea of "infusing authentic knowledge of race relations into curricula of general education," providing professional training for leaders in minority and race problems, and starting programs, "to test newly discovered knowledge and techniques in intergroup relations."

Cooperating with Wirth will be a faculty committee of six members, the American Council on Race Relations, the Industrial Relations center, the Committee on

HOT WEATHER PUTS DAMPER ON RECORDER BENEFIT GAME

A slim crowd of less than 2,000 persons braved the torrid weather of last Sunday to attend the benefit ball game between the Detroit Senators and Hawaiian Stars out at Victory Field. While the crowd failed in a big way to come up to expectations, they did, seemingly, enjoy a good rip-roaring doubleheader last at times had spectators out of their seats.

The boys from the sunny climes seem to hold all the answers during the first game, which went into extra innings after nine good innings of baseball brought them to a 7-7 dead-out, which was broken in the 11th with the Hawaiians taking the initial frame or twilight game by a score of 9 to 7. "The Motor City boys bounced back in the nightcap like 'Jumpy Jacks' and put the contest on ice during the early innings, which ended in a 6 to 0 shut-out with the Hawaiians failing to get a man around to third base.

St. Louis Browns Seek Ball Players

Tryouts to be held at Seymour, Ind., next week for the St. Louis Browns of the American League are open to all youngsters from the ages of 17 to 23 without regard to color or race. W. O. De Witt, the club manager, told The Recorder in a telephone conversation Wednesday.

The camp will begin Monday and last five days. Boys must furnish their own shoes, gloves and uniforms, pay their own transportation and living expenses.

If they are signed to contract, these expenses will be refunded.

The club's recently established policy of scouting for players without regard to color is unchanged, DeWitt said. "We are interested in securing the best players possible, regardless of color," he declared.

The two colored players, Thompson and Brown, now members of the Browns, are expected to remain with the team, although their batting averages have not come up to expectations, DeWitt said.

ceeds went to The Recorder Charities, Inc., sponsor of the game and money raising organization for The Recorder Christmas Cheer Fund, which distributes baskets of groceries or cash money to the city's poor each year.

The amount of Christmas cheer spread each year around the city is dependent upon the generosity shown by those citizens who believe in and do cooperate with these purposes. Therefore, The Recorder Charities take this means to express its profound gratitude to all of those who contributed in any way to the game Sunday, and especially thank the

FBI Agents to Probe Ga. Prison Massacre

SAVANNAH, Ga. (ANP)—The FBI is investigating the massacre of eight Negro convicts by guards at a Georgia prison camp near Brunswick on July 11.

U. S. Atty. J. Saxton Daniel disclosed here last week that FBI agents had been ordered to make the inquiry after the prosecutor conferred with Federal Judge Frank M. Scarlett. Evidence obtained by the FBI will be presented before a federal grand jury here on September 29, said Daniel.

The state department of corrections ordered a new investigation of the prison massacre after a Glynn county grand jury exonerated Warden H. G. Worthy and five guards, saying they were justified in their action under the circumstances.

Warden Worthy and the five guards opened fire on 27 Negro convicts in the prison camp's enclosure after they were brought back from road work on the claim they attempted to escape. The men were charged with bulking at working in snake-infested water. Beside the eight prisoners killed by the guards, several were wounded.

Warden Worthy was accused of

217 ARRESTED IN CHICAGO HOUSING ROW

CHICAGO (ANP)—Despite mounting tension which threatens to develop into a major riot, Mayor Kennelly and the Chicago Housing Authority will not change the official policy of mixed public housing projects, it was learned Monday.

This reaffirmation of city police came on the heels of five days of disturbances following the moving of seven Negro veterans' families into the Fernwood Park Housing project, located in a lily-white area. The families were still there Monday under police guard, since then 217 rioters, including teen-age youths and women, have been arrested. Some 1,000 police have been assigned to the area on riot duty.

Mayor Takes Stand

Robert Taylor, chairman of the Chicago Housing authority, who stated that Mayor Kennelly was standing fast on the no-mixed policy, declared Monday that it looked as if the troublemakers would be defeated.

Civic Groups in Action

A number of delegations visited the mayor Thursday, Friday and Saturday, two days after the rioting started. One group was from the Fernwood area and demanded that the Negro families be immediately removed. Other delegations have come from trade unions,

PRECEDENT SET IN NATIONAL TENNIS MEET

One of the last strongholds of race prejudice in the sports world fell willingly before the relentless march of progress when two colored players participated in the National Public Parks Tennis tournament held here this week. Their entrance in the meet overcame barriers that had denied participation to colored stars since the games rose to international popularity.

Although both players, Miss Elizabeth Stanfield, Indianapolis, and Richard Cohen, Plainfield, N. J., in the early pairings, tennis and other sports enthusiasts hailed their participation as a notable victory for true democratic sportsmanship. In practically every other major sport race discrimination has been more or less reluctantly shunted aside, with big league baseball skyrocketing to national notice by stamping out the color line during the current season.

Tournament officials and players generally were so impressed with the fine conduct, sportsmanship and playing skill of both Miss Stanfield and Cohen that they were given sincere invitations to participate next year when the meet will be held at Pittsburgh.

ABC SAYS NO TO 'BOBBY SOCKS'

James Henry Hodges must find a new name for his restaurant if he wants to sell wine and beer, says the Alcoholic Beverage commission.

Bobby Socks, as a name for his tavern at 1002 N. West st., was ruled out Wednesday by the commission after the Marion county liquor board had approved Hodges' application for a wine and beer license.

James Doss, the commission secretary said, "No tavern will even open with a name like that. It is an invitation to all minors."

The location is only two blocks from Attucks high school and one block from School 17, a junior high school. The restaurant is now closed for repairs.

The county board recently denied the application of Ravensall Fields for a permit to sell alcoholic beverages at the Casa D'Amour, just below and across the street from the Bobby Socks inn.

Attorneys for Fields said they would ask the state commission, "how come?" after they learned a new package liquor store had been opened at 10th and N. West sts., and operated by white persons.

Residents in the neighborhood of 25th and Northwestern avenue won their fight when the ABC denied a permit to sell wine and beer to Mrs. Mary Lasswell at 2515

ting magistrate in the case September 2.

The charges grew out of the removal of Bush from the jail here by a band of armed, masked white men early in the morning of last May 23. Bush, however, made a dash for freedom and fled in the darkness as a bullet whizzed over his head.

After wandering in the woods for forty-eight hours without food, Bush surrendered to Solicitor Ernest R. Tyler and to FBI agents who escorted him to Central Prison at Raleigh for safekeeping.

Shortly thereafter, the FBI announced that it had obtained a confession in the case, and the seven white men were taken in custody.

No Assault Committed

However, a Northampton grand jury August 5, refused to return true bills against the seven men and it also released Bush who had been charged with attempting to criminally assault Mrs. Margaret Bryant, young white stenographer of Rich Square, who later admitted that she had been only frightened.

Governor Cherry, denouncing the grand jury for its failure to indict the seven men, said that he would reopen the case and would have a committing magistrate sit and hear all the evidence in a public hearing.

In his statement last Saturday the Governor said:

Governor's Statement

"I have issued a commission to Judge J. Paul Frizzelle of Snow Hill to sit as a committing magistrate in the Northampton County Courthouse at Jackson on Tuesday, September 2, 1947, and conduct a preliminary hearing in connection with the mob incident at Jackson, May 23, 1947.

Solicitor Ernest R. Tyler of that solicitor district will direct the presentation of evidence.

"If probable cause is found against the defendants in connection with hearing they will be bound over to a grand jury in an adjoining county. Just which adjoining county will be determined by the judge and solicitor."

The North Carolina lynch law of 1893, under which Cherry acted, sets a 2-to-15 yearpenalty for the jail-breaking charge. The State allows the men to be brought to a preliminary hearing or before a grand jury repeatedly, since they are not considered in jeopardy unless actually on trial.

they were over a \$1,000.00 ahead of them in bad checks.

Monday afternoon Rush and Keller, dressed in "jitterbugish" clothing sauntered into the Patterson Drug store and wanted to cash a check on the C. A. Roberts Co., 1717 West 10th st. Patterson became suspicious and called the Roberts Company.

When Patterson put the receiver down after learning that the checks were forged, the two youths were out of sight. But their odd manner of dress had stuck in his memory and he immediately contacted Sgt. Swego who was at police headquarters. Without leaving headquarters Swego had the description put out over the air to all cars. Within less than five minutes the two youths were picked up by patrolmen Fred Stevens and Dale Crittenden who were riding in a radio patrol car.

Both denied they knew anything about the checks but when faced by Swego and Partain finally admitted their part and signed confessions. Police recovered from them books of checks stolen from the Roberts and Patterson establishments. They also admitted having burglarized these places to get the checks. Swego said that over a period of many weeks they had been seeking the holders of these checks that were slowly being cashed.

When Rush and Keller named their accomplices Swego and Partain knew them only by their first names but when they asked Denny and Roberts who were going off duty to assist them, the two officers agreed. But first they wanted to get the other boy's nicknames. Armed only with this fraction of important information they went to work. Within an hour they had all of them under arrest. Once under arrest and having signed their confessions in which they explained that the two fake social security cards the youths seemed to enjoy the interior of the large detective room. They walked around and joked with each other and constantly quenched their thirst with water from the ice cooler.

Sgt. Swego and Partain said that money actually gained by the youths amounted to actually several hundred dollars of dollars that they will never know about. This is because some of the merchants who cashed the checks are reluctant to let their friends and the public know that they were victimized, Swego said. All of the youths are in the Marion County Jail under \$3,000.00 bonds.

The father became so enamored with his daughter she said until he forced her to come here and live with him as man and wife. He gave a false name to neighbors and the two lived without notice. When persons inquired about the youthfulness of the wife, the child's father would laughingly state that she was older than she looked.

Two weeks ago the child ran off and went back to Dayton but was arrested and placed in a girl's detention school on a minor theft charge. She broke out and went to the home of an aunt. Hearing about this the father went to Dayton and brought her back here. Here they remained until arrested by Glenn and Starks.

Inspector Jesse McMurtry, chief of Indianapolis detectives, stated that it is a possible federal charge in that a minor had been brought across the state one for immoral purposes. However, the charge here will be stiff enough to outweigh the federal one, he said. McMurtry said it was one of the most disgusting cases he had ever heard of.

The defendant said all he knew was that he just loved his daughter better than anything on earth including her mother.

Pointing out that the number of Negroes of the South who have registered to vote has increased from 200,000 to more than 700,000, Mr. Weber said "people throughout this country are organizing to fight."

EDWARD DENNY IS MOTORCYCLE POLICE OFFICER

Motorists and pedestrians alike have been jerking their heads hurriedly to get fleeting glances at an impressive figure in police uniform astride a city-owned motorcycle.

It isn't an illusion induced by the excessive heat.

It's the well developed, muscular, 165-pound bulk of Edward Denny, for many years a familiar figure at the public parks and playgrounds.

Denny, superintendent of Douglas park last year, was appointed May 1 as investigator and fee collector with police powers for the park board by the board of public safety. He performed his duties in plain clothes traveling to all of the city's parks by auto until two weeks when he was given a regular traffic officer's uniform and equipped with a two-wheel motorcycle. For the benefit of the curious, he's a motorcycle policeman assigned to the park board. Speeders, beware.

His duties call for regular visits to all city parks to investigate accidents, irregular conduct by walking or driving park visitors, collection of golf and swimming pool fees and general supervision of park property to check and prevent vandalism, which under cover of night, presents quite a problem to park officials.

Oddly enough, Officer Denny receives better cooperation from the whites than from members of his own race, he said. He is the second Negro now serving as a traffic officer, the other being John Metzger, well known to most of the city's motorists and central district residents.

the National Negro congress and others, demanding that strong measures be taken to protect the rights of Negro citizens in the area.

Motorists Assaulted

Negroes passing through the Fernwood district have been molested. Cars have been overturned, injuring the occupants and severely damaging the vehicles, and rocks have been thrown at still others and a few shots fired by the demonstrators who on Wednesday, Thursday and Friday nights, numbered at least 5,000. Traffic was rerouted to avert incidents.

Resentment over the rioting in Negro sections of Chicago has been controlled, although the feeling has grown that unless police take more vigorous action in stemming the demonstrators, there will be an effort to fight fire with fire which would lead to a major race clash.

It was pointed out that many of the police seemed to be sympathetic with the white residents of the area and made little attempt to prevent the molesting of Negroes. The mobs which formed were not dispersed but were merely kept out of the housing project. Most of the arrests came only when the demonstrators hurled rocks at police or damaged police cars.

Hate Mongers Active

At a rally held Friday night at Beth Eden Baptist church in Morgan Park, Negro community about a mile from the area of disturbance, and sponsored by the National Negro congress, 50000 people were in the audience and told of the assaults. Don Harris, white, international representative of the Farm Equipment Workers union, CIO, who had visited the scene several times, blamed the Calumet index, a community anti-Negro paper, and other forces for inciting the riot in an attempt to discredit public housing, which he said constitutes the only real answer to the housing crisis.

Ira Lattimer, secretary of the Chicago Civil Liberties committee, praising Negroes for their restraint in the matter, said that at least 100 Negro officers should be placed on duty along with white patrolmen in the Morgan Park and Fernwood homes communities, and that the 118 arrested in Fernwood Park should be given severe sentences to deter others.

Pa. and in '49 at Los Angeles.

Success of the tourney which was sponsored by the City Recreation department and the Indianapolis Star, was attributed largely to K. Mark Cowen, superintendent of the division of recreation in Indianapolis and director of the current tourney. It was through his tact and unyielding courage that colored players induced to enter.

Cowen's great contribution to the success of the event this year given merited recognition and reward in his election as president of the National Public Parks association at the annual meeting held in Brookside park Wednesday night.

Miss Stanfield, winner of the city title several weeks ago, was eliminated Wednesday in the quarter finals by Mary Arnold Prentiss of Los Angeles, top-seeded woman and fourth ranking player in the country, the score, 6-2, 6-1. Interesting sidelight of the match was the referring by the other colored player, Cohen. Miss Stanfield had previously defeated the highly regarded Doris Poppel of Des Moines, Ia., 6-4, 8-6, in one of the tourney's major upsets. Although defeated, she drew resounding applause from the gallery in each of her appearances.

Cohen, a dental student at Howard university was defeated by Ted Hainline, 21-year-old North-western university student. Cohen won the first two sets with comparative ease, but lost his accuracy in the grueling heat and Hainline won after dropping the first three games of the fifth set. The scores were 5-7, 3-6, 6-1, 6-4, 7-5. The match lasted more than three hours and was played in a temperature of 92 degrees.

The anticipated objection of Southerners to the entries of colored players failed to materialize. "I'm glad you're in, and having heard much about you, want to beat you," a player from Birmingham, Ala., told Cohen. Nothing occurred to indicate other than that good sports were competing for national laurels without regard to racial identities.

JOHN RUTLEDGE OFFERS HELP IN HEATING HOMES

JOHN W. RUTLEDGE

Good news for home owners! Mark Purcell, the sage of Rushville whose predictions over the last 18 years have been amazingly accurate, says next winter will be the coldest in a half century.

John Rutledge says and knows NOW is the time to prepare.

Mr. Rutledge, as a representative of the Johnson-Robinson Company, distributors of Consolidated Heating Equipment, is offering expert assistance in solving your heating problems for next winter. The Johnson-Robinson Company can supply oil and coal furnaces, stokers, conversion burners that will insure maximum comfort and convenience. Both members of the firm are well known in Indianapolis, having been engaged in business here for many years.

Mr. Ernest Johnson is president of the reputable coal company bearing his name and located at 2110 Northwestern avenue. Countless satisfied customers testify to his eminent fair dealing and genuine friendliness.

Harry Robinson, the other member of the firm, was closely associated with Mr. Johnson in the coal business until formation of the new company recently. He also is well known and admired by the many householders of the city with whom he has dealt for many years.

Mr. Rutledge, who is now assisting these gentlemen in bringing increased comfort and convenience to Indianapolis homes was reared in this city, attending public schools here and being graduated from Attucks High School, where he engaged creditably in football and track activities.

A World War II veteran, he is a member of the American Legion Post 107 and Simpson Methodist Church. Upon his discharge from the Army he joined the Madame Walker Company where he served as city salesman until recently when he accepted his present position with the Johnson-Robinson Company.

Many home-owners have discovered that oil furnaces meet the heating needs of the home admirably. The oil furnace is safe, clean, economical and does away with the dirt and disagreeableness of ashes. Standard equipment includes a thermostat and automatic control which provide the greatest convenience to all members of the household. Proper temperatures are obtained by simply pressing the right button.

Mr. Rutledge will gladly give free estimates and may be reached at his home, 615 W. 10th St., by calling Lincoln 4905, or the Johnson-Robinson Company, TALbot 1517. No down payment is required and payments may be extended over 36 months under the FHA plan.

K. C. KIWANIS APOLOGIZE FOR 'RAFFLE DEAL'

CHICAGO (ANP)—Two spokesmen for the Kiwanis club of Ahoskie, N. C., last week apologized here before a two-day meeting of the Kiwanis International's board of trustees for refusing to award a \$3,200 Cadillac automobile to a Negro war veteran because of his race.

Although the apology was accepted, members of the trustee board adopted a resolution to ban further raffles by Kiwanis clubs at the next convention. The resolution recommended that by-laws be amended to prohibit "any Kiwanis club from sponsoring, holding, or participating in such activities" as awarding a "door prize," which consisted of an automobile in the Ahoskie case.

Also mentioned in the adopted resolution was the confession that "the Ahoskie club erred in failing to deliver the prize to the Negro who was the original winner," 25-year-old Harvey Jones. A \$3,200 check was ceremoniously presented to Jones 27 days after the drawing, following adverse national publicity against the Ahoskie Kiwanis club.

The resolution said that "while the board of trustees of the Kiwanis International deplores and disapproves the conduct of the Ahoskie club in violating Kiwanis policy, we now accept its apology and promise of future conformance and consider the matter closed."

HARRELL HEADS CONSTITUTION DAY COMMITTEE

Samuel R. Harrell, president of the Acme-Evans Company, Indianapolis, has been selected for the second year as chairman of the National Constitution Day Committee to prepare for the observance September 17th of the 160th anniversary of the adoption of the Federal Constitution.

Mr. Harrell, who is also chairman of the board of trustees of the National Foundation for Education in American Citizenship, has been long active in major patriotic and civic affairs. Among the national figures sponsoring this year's anniversary milestone are Herbert Hoover, Will Hayes, Henry F. Schriker, Arthur T. Vanderbilt, Gov. Ralph F. Gates, and Mrs. Roscoe C. O'Byrne.

In commenting on his selection Mr. Harrell said: "We all recognize, cherish and honor our Constitution as the cornerstone of our union of free states. Only through a retaining faith in the principles which the Constitution so simply expounds can this nation continue strongly on its path of unity and maintain a position of greatness in the eyes of all peoples of the world. Surely Americans will want to join together and give thanks for the precious liberty we now enjoy."

"The Constitution Day Committee this year plans the most elaborate and extensive observance ever held. One feature will be the second annual Constitution Essay Contest with prizes for Indiana totaling \$100.00. All schools will participate with Constitution Day programs and their efforts will be augmented by every civic, patriotic and industrial organization. Every community is urged to start work immediately on their plans for this year's observance. Assistance will be extended by the national committee in formulating programs."

RACIAL PURITY OFFICIAL DIES IN VIRGINIA

RICHMOND, Va. (ANP)—The man who more than any other citizen in Virginia was obligated by his office to keep the white race "pure" here through legal means died August 2 a few hours after he was knocked down by an automobile while crossing a street. He was Dr. W. A. Plecker, 86, who organized the bureau of vital statistics as a part of the Virginia State Health Department.

During Dr. Plecker's 34 years of service, the Virginia legislature passed the so-called Racial Purity Law replacing the former law which defined a Negro as a person with 1/16th Negro blood in his veins. The new law labels any person a member of the Negro race who has the least perceptible amount of Negro blood in his veins.

Dr. Plecker as registrar of vital statistics was on the spot when purity white groups warned that without the new law Virginians would become a "race of mongrels" in a few generations at the current rate of the co-mingling of the races.

Fear was expressed that many Virginians with Negro blood in their veins would lose their identity in the white race.

Dr. Plecker was head of the bureau of vital statistics from the date of its organization until his retirement in July last year. Before he established it, record on vital statistics was not kept in any systematic manner and local political areas kept no record of births or deaths that could be used for any, good and sound purpose.

Although Harris was beaten and left for dead, he recovered and testified in a federal court trial involving six Webster parish men who were charged with depriving Harris and Jones of their civil rights in releasing them to the mob.

The jury, however, acquitted all six.

COL. B. O. DAVIS, JR., MAY BECOME GENERAL IN AIR FORCES' CHANGE

WASHINGTON, D. C. (NNPA)—Reorganization of the Army Air Forces, which under the National Security Act of 1947 becomes the United States Air Force, may affect a sweeping change at Lockbourne Army Air Base, Columbus, Ohio, where the 332nd Fighter Group, commanded by Colonel Benjamin O. Davis Jr., is based. It was learned last Wednesday.

Under present plans, the base and its permanent duty units will be activated as a "wing base" and the 332nd Fighter Group will be redesignated as the "332nd Tactical Wing," composed of a combat group, an airbase group, a maintenance and supply group, and a hospital group.

Tables of organization call for a general officer to command the wing, and Colonel Davis, who also commands the Lockbourne Army Air Base, is in line for promotion to brigadier general. Under him will be four colonels.

Comprising the 332nd Fighter Group are the 99th, 100th and the 301st Fighter Squadrons. The 99th is commanded by Major William Campbell of Tuskegee, Alabama; the 100th by Major Andrew J. Turner of Washington, and the 301st by Captain Charles I. Williams of Lima, Ohio.

If and when he is promoted, Colonel Davis will be the second colored brigadier general in the history of the United States Army. The other one is his father, Brigadier General Benjamin O. Davis, who was promoted to his present grade Oct. 25, 1940, retired July 31, 1941, and recalled to active duty in the grade of brigadier general the following day. He is still on active duty.

Under the National Security Act of 1947, creating a new "National Military Establishment," the Air Force is made a separate department co-equal with the Army and Navy. The Army Air Forces, the Air Corps and the Air Force Combat Command are to be transferred to the new department and will comprise the United States Air Force.

BOY, AGE 13, DENIES ATTACK ON WOMAN, 70

ATLANTA—This is the other side of a Georgia rape story.

It did not and will not make the pages of the great daily paper of the land, but the story does deal with the long story of suppression of news, it is a story of an alleged rape case.

Charged with attempting to attack a 70-year-old woman of Marietta recently, Charles Mosely, a slender youth, age 13, told his version of the incident.

The youth was bewildered he did not know what it is all about. He says he never attempted to attack the 70-year-old woman who is a grandmother. He says he was asleep at home when the officers came and took him before the woman, who is supposed to have identified him as the youth wearing a bandana handkerchief and who is charged jumped from the bushes and knocked her down.

Further it was charged that he was frightened off from an attempt at rape by her two granddaughters who ran away screaming. The youth was brought to Atlanta for safe keeping.

The boy says he had spent the morning of the alleged attack collecting sloop for his blind grandfather's hogs. He says he had not seen the woman and her granddaughters the morning of the alleged attack, although he had seen them before.

In his pocket was a piece of a blue scarf, which the woman identified as the bandana her assailant wore. The boy lived with his uncle and grandfather and will not be fourteen until November. He has never been in trouble before.

PHILADELPHIA IS HOST TO 48TH GRAND SESSION OF ELKS

PHILADELPHIA (NNPA)—The City of Brotherly Love will play host to the forty-eighth annual grand lodge session of the Improved Benevolent and Protective Order of Elks of the World—its second convention here within two years.

Two major fights are expected for grand lodge offices—one over the office of grand treasurer recently made vacant by the death of Dr. Marcus Wheatland of Camden, N. Jersey, and the other over the office of grand esteemed leading knight now held by Joseph A. Brown of New York City.

More than \$3,000,000 are expected to be spent for travel, hotel accommodations and amusement by the 2,000 or more delegates, marching clubs, bands and other visitors who will be here according to reliable estimates.

Headquarters for the grand lodge session will be at the auditorium of St. Charles de Borromeo Catholic Church, Twentieth and Christian streets. Headquarters for grand temple will be at Tindley Temple, Broad and Fitzwater streets.

For the first time in Philadelphia white hotels will throw open their doors to a colored organization when the Elks come here for their convention.

For the past few weeks it appeared doubtful whether delegates would be accommodated at many of the big white hotels, but after many meetings between Charles T. Mitchell Jr., chairman of the general committee, and Mayor Bernard Samuel, the hotels apparently did an about-face and the welcome sign was put out for the Elks.

The hotels that will cater to the delegates and visitors include the Benjamin Franklin, the Parker, the Sylvia, the Sheraton, the Warburton, the Majestic, Essex and the St. James.

The Bellevue-Stratford would not accommodate the Elks because it had already made commitments to the Patriotic Order of the Sons of America which is meeting here the same week.

The Elks will celebrate at the 1945 convention the fiftieth anniversary of the founding of the order by the late B. F. Howard, and it is expected that the next annual grand lodge will go to Cincinnati, the home of the first lodge, Alpha No. 1 for the celebration.

The order has more than 255,000 members in forty-two states, the District of Columbia, South America, Puerto Rico, the Virgin Islands, the British West Indies, the Panama Canal zone, England and South Africa.

Last year the Elks' education department contributed more than \$8,000 for scholarships in universities and colleges, and the health department gave iron lungs to Freedmen's Hospital in Washington, Hubbard's in Nashville, and the Homer G. Phillips in St. Louis.

Teen Talk

By THE SNOOPER

Well, kids, the past week was as much a drag as it was long but, as usual, I have to dig deep and come up with something that will prove interesting to you, my constant readers. . . . Of course you've heard by now about the most fine party Clifford Wilson gave on a recent Saturday night.

If you weren't there you should feel sorry for yourself because you missed much greatness. The house was filled with the aroma of the sweet perfumes worn by the many fine chicks such as Joan Horner, Betty Griffin, Barbara Johnson, Betty Owens, the Turner sisters, and many others. . . . Oh, yes! Rosemarie Wilson and a chick from Louisville named Gloria. . . .

Some of the fellows were Jim Rushrod, Arthur Foca, Jack Force, Walter Watts, plus a host of others. . . . As usual, the Betty boys were the life of the party. . . . The good punch was also a big help. . . . I could use the rest of the column talking about that one party, but I know you want to hear about other parties and things. . . .

It's a unanimous idea of all the chicks and fellows as well that Howard League is playing a different chick every night, but no one ever catches him. I wonder if he's still seeing Nadine Hamilton. . . .

Fellows, you'd better beware, because Barbara Garrett is looking for another prospective husband, since she couldn't hook Al Weatherford. . . .

Perhaps you've heard that David Snyder is playing a new deal on the South Side. Don't be alarmed, he only visits her on rainy nights.

Norma McFarland and Frank Slatter are making it just lovely together. They could have been a long ago if Norma had not stopped chasing Henry Maddox sooner. . . .

Nathan Foreman is having a hard time convincing Martha Lester that he's on the level. It's such a pity, because he is, for once. . . .

So the Fayette Street fellows want some data on the new chicks in that vicinity. At 841 there's that South Side chick, Lilly Warren. There shouldn't be any excitement over this, though. . . .

At 616 there came a very nice deal from Haughville-way named Mary Acres, but she goes with Robert Carpenter, so I guess the fellows can stick to the 800 block. . . .

The issue of the week is that concerning Betty Ewing. The question is generally raised about whom she goes with, whom she's supposed to be going with, and whom she thinks she can get. Well, she claims to go with Robert Adair, but so do certain other

chicks. She tried to get James Smith, but it seems she had no luck. And she thinks she can get any of the fellows on the Sixteenth Street corner. It's questionable, but it may be true. . . .

Betty Walker, the West Side chick who thinks she's the greatest, had better think again because someone is stealing her man right out from under her nose. The thief's name is Lilly. Could it be the one living next door to him? . . .

Pauline Garrett is still leading a happy romance with Rudolph Petty. Her ex, Charles Warren, is doing nicely for himself, too. His sweet little chick is named Sarah Wilson. . . .

By the way, Sarah would like for Walter Johnson to stop nattering her. . . . Oh, yes! I must mention a party out on the South Side, given by Joan Webster Saturday night. It was supposed to be a house party, but the guests were scattered all over the neighborhood keeping the neighbors awake. There was plenty of music, but no dancing. . . .

The guests seemed to have been enjoying themselves, though. . . . Certain types of people enjoy certain types of fun. . . . So James Dodson thinks he can continue to lead the life of a king with Joyce Long and Frances Moore? For his information he isn't the only one in Frances Moore's life, because she has other kettles on the fire. . . .

Yes, Norman Ellis is still running over on Darnell Street to see Carolyn Mitchell, and whom else I won't say, but he's still kinda shy about Mattie Woodson. . . .

William Wells is trying to make Phyllis Robinson see the light in his life, but it's doubtful that Norma Alexander would play second to her. So, William, you'd better look out. . . .

If any of you good readers knew why Janet Butler of the South Side has put Roy Ford down, please let me know so that I can make it public. . . . Of course, you've seen Roscoe Carney and Randolph Martin cruising up and down the West Side streets in that broken down milk-wagon. And the nerve of the guys—asking chicks to ride with them. Aren't they ashamed? . . .

James Barrett looks so sad these days, and for your information Dorothy Andrews is the cause of it. He just stays at home all the time. . . .

Donald "Ironhead" Lewis is still going with Marguerite Cowherd, and he is also going over to see Mary Bigbee all the time. What can the deal be? . . . Last week someone wanted to know what has happened to Carl Alexander. Well, since he put Irene Lipscomb down, he's settled down with one

CONTEST WINNERS: The Mt. Olive Junior missionary society held its annual baby contest at the church Thursday, July 31. A musical program was rendered, and a special thanks extended to the BTU chorus, which rendered special numbers.

Winners of the contest were Lesley Kimble, first place, and Jeanette Johnson, second place, both shown above. Runners-up were Michael Coleman, Nathaniel Childs, William Crawford Jr., Gary M. Thurman, Kenneth Reed, Richard H. Williams, Annie W. Thomas, Eugene Smith, Caroline Anthony, and Jimmy Dumas.

Members of the missionary society thank sponsors and persons helping to make the affair a success, especially the parents of babies entering the contest. (Adv.)

steady chick, and if I must say, he's doing better than Irene, because he's got another chick, and she's still trying to get a fellow.

Kathrine Brown has the idea that she's the cutest chick in the world. Some people think she is. What do you think? . . .

Since Kathrine Miller has been in Chicago, Marshall Anthony has been seen with his head down. Keep your chin up, buddy, she'll be back here to let Buford Buchanan alone? I wish she would leave her correct name when she calls. I think Buford really likes Lillian, so get wise, Geraldine. . . .

Wedding bells are ringing for Miss Floreta Pullins and Robert "Bobby" Wilkins. They really make a lovely couple. . . .

Why was this supposed-to-be "Geraldine" who called Lillian Hobdy, and told her to let Buford Buchanan alone? I wish she would leave her correct name when she calls. I think Buford really likes Lillian, so get wise, Geraldine. . . .

Mr. and Mrs. Irvin Copeland returned to their home in Richmond Saturday. . . .

Mr. E. Davis and granddaughter Betty Ann Dorsey, Birmingham, Ala., arrived Tuesday to spend several weeks with Mrs. Davis' daughter, Mrs. Rosa Shelton. . . .

Mrs. Hazel Logan has returned to her home here. . . .

Mrs. Mary Sturdivant was called home by the illness of her mother. . . .

Frank Lee and son, Thylor, and grandson, Billie, visited in Indianapolis last week. . . .

John Simms, Sacramento, Cal., visited his father-in-law, Frank Lee, over the week-end. . . .

New Kansas City Bank Scheduled To Open on Aug. 28

KANSAS CITY, Kans. (ANP)—Formal opening of the Douglas State Bank is slated for August 28, according to an announcement here last by H. W. Sewing, the bank's president.

Sewing's announcement said the initial capital will be \$168,750, with the anticipation that \$500,000 will be deposited on the first opening day. . . .

Advance deposits of \$1,000 or more, presented in the form of checks, or money orders, will be publicly acknowledged at the dedicatory meeting Sunday, August 24. . . .

Visitors are expected from Philadelphia, Washington, Durham, N. C.; Atlanta, Chicago, Nashville, Fort Worth and Dallas. . . .

Principal speaker for the occasion will be Aaron Day, assistant secretary of the North Carolina Mutual Life Insurance Company. . . .

Why is Aldreace Smith looking so blue? Is it because his girl, the one he was so crazy about, left him and went back to Cincinnati? Couldn't you hold her, Mr. Smith? . . .

Miss Pipes, James "Coyote" Robinson says he's no fool. So please wise up. . . .

What happened to Harold Taylor and the little party that lives at 29th St. and Boulevard Place? Could it have been "Biggy" Smith who moved in? . . .

Johnny Landrum paid 75c cab fare to go see Annetta Perkins. . . .

What has happened to Fern Turner? I notice she doesn't get around any more. I know someone is watching her very closely. . . .

The Snooper thinks that Mary Richardson has a sweet personality and is very nice. . . .

I see the great tennis champ, Mark L. Shields, from Wilberforce University, spent his entire week visiting little Miss Mary Lindsey. . . .

Say, Mary, what about Donald Fletcher of Rushville? . . .

Ernestine Ford really enjoyed the picture at the Walker Sunday which Orville Williams there, too. . . .

The name of the picture was "The Man I Love." Watch out, Eulas and Lucille. . . .

Ramona Garrett belongs to S. G. S. sorority, still going strong. Just mention Roy Miller and watch her steam. This af-

fair has the makings of a great match. . . .

Say, what happened to the great Reginald Cross? Doesn't he have car-fare? I notice he walks Barbara "Red" Alexander from Lockfield to Haughville. I wonder where Miss Overstreet was. . . .

Mary Jean says love is great. How about that, Maudie? . . .

Frances Black has a pretty ring on her finger, and she doesn't seem to be worrying about any one taking it back. What's the deal, Mary R? . . .

The Una Vox had a party Friday night. Sam Gant had a fine time. . . .

The TT's are having a moonlight picnic Saturday night. Expecting to see you there having a fine time. . . .

Cannery Expert Urges Housewives To Can Foods Now

Albert A. Moore, Flanner House agricultural expert, says it is advisable to take advantage of every surplus item of produce now. The late planning and summer season which have been interrupted by winds and adverse weather are bound to make prices rise on food.

The facilities of the Flanner House cannery, located in the rear of 812 N. West St., offers opportunity to those individuals and institutions who wish to take advantage of the low cost of fresh vegetables, fruits, and meats now.

The cannery has a present output of more than 1500 cans per day with facilities and all types of canning including preserves, jellies, vegetables and meats. The cannery offers certain advantages to the homemaker by making available to them all the necessary items for the canning process. The end result of the canned product has always been positive as we guarantee that all cans properly processed will not spoil.

The cannery is open Monday, Tuesday, and Wednesday from 9 a. m. to 5 p. m.; Thursday and Friday, 2 p. m. to 9 p. m.; Saturday by appointment only. Individual registration fee \$1. YOU MUST REGISTER TO VOTE

A. M. E. WOMEN'S MISSIONARY MEET HELD AT NEW ORLEANS

NEW ORLEANS (ANP)—Paying enthusiastic tribute to the splendid career of Mrs. Christine S. Smith in the missionary field of the A. M. E. Church, the members of the Women's Missionary Society, unanimously elected her honorary president with an honorarium for life at the close of its quadrennial session here Saturday. Mrs. J. L. K. Link of Dover was elected general secretary to succeed Mrs. Smith. Mrs. Annie Heath of St. Petersburg, Fla., and her entire corps of officers with the exception of Mrs. Smith, were re-elected.
Mrs. Smith, the widow of the late Bishop C. S. Smith of the A. M. E. denomination, continued her zeal and interest in the work of the denomination after the passing of her husband. Her work as president of the National Association of Colored Women and the numerous other civic interests with which she is identified plus the background activity of some of the bishops is said to have caused her to feel the necessity of relinquishing the active management of the missionary group. The session is said to have been one of the best in the history of the society. Considerable anger was voiced over the total condition.

FOOD POISONS CHURCH WOMEN AT N. C. CONFAB

WINSTON-SALEM, N. C. (ANP)—An analysis of the salmon salad that poisoned 110 church women here last week is being made by Dr. Fred Pegg, city-county health officer, after the stricken were treated at local hospitals.

Every available physician was called to administer the women, who were among the 250 attending the Negro Baptist Women's State Convention here. Of the 110 affected, 60 needed medical attention. Only three were reported as critically ill, including one child. Nurses and doctors manned stomach pumps and gave emergency treatment to all. Hospital officials said every doctor in the city was called into service and at one time as many as 20 doctors were working on patients in one ward. All surplus beds were filled and every inch of hospital space was utilized.

The first stricken were rushed to the hospital in ambulances from the church dinner, and as the food poisoning spread taxis were used to speed the violently sick to get emergency treatment. Two or three days will be required to determine what caused the poisoning. Dr. Pegg said as he scrutinized a sample of the salmon salad.

Housing Project Bill Signed by President Truman

WASHINGTON (ANP)—Among the huge pile of bills left on the President's desk by congress was one which clears the way for completion of 100 low-rent and anti-slum housing projects in 75 cities. This bill, which was signed by Mr. Truman last week, permits the government to continue these housing projects, even though construction costs exceeds the legal limits.

Under the national housing act, the government is forbidden to contribute to any project which would cost more than \$4,000 per family unit in small cities or more than \$5,000 in cities of more than 500,000.

The new bill would permit the government to furnish already started projects, if the municipal government agrees to pay the difference between the construction cost and the legal NHA limit.

Used Fats Are Still Badly Needed!

Says the Food Editor of McCall's,
HELEN McCULLY

So many women write to our magazine and ask if they should keep turning in their used cooking fats. Most certainly yes! There is still a shortage—not only in the United States but all over the world. Here is what Secretary of Agriculture Clinton P. Anderson says: "It is still necessary to conserve every pound of used fat, since the over-all fat supply situation is little better now than it was last year." That's why we American women must keep on saving used fats until the world-wide shortage is over!

HOLD RITES FOR NEWS CARRIER

Funeral services for Eugene Rose, thrifty Recorder newsboy and promising youngster, were held Wednesday afternoon at St. Philip's Episcopal Church with Father James G. Jones officiating.

The 15-year-old youth died in the arms of his father last Sunday at Sunnyside Sanatorium, where he had been confined since April.

Son of Mr. and Mrs. Henry Rose, 1025 Missouri Street, Eugene, was born in this city, had attended Schools 40, 23, 17, and Attucks High School where he was a sophomore at the time of his death.

One of a family of nine children, he had struggled valiantly to aid in his education by working after school hours. He suffered an attack of pneumonia early last spring and was taken to the City Hospital later being transferred to Sunnyside when it was discovered he had contracted tuberculosis.

He attended St. Philip's, where he became active as a member of the choir, the Young People's Fellowship Group, and the Twentieth Century Sportsman Club. He was also a member of the garden club of Flanner House.

Music at the final rites was furnished by Richard C. Henderson, the church organist.

Pallbearers were: Robert Gregory, Ollie Garrett, Robert Dudley, and Edward C. Bailey, Jr.

Acolytes were Robert Stewart and Charles Jenkins. The Jacobs Brothers Funeral Home was in charge.

Surviving besides the parents are five brothers, Henry, James, Russell, Charles and Albert, three sisters, Dorothy, Bernice, and Marsha; maternal grandmother, Mrs. Fannie Hicks; paternal grandfather, Lawrence Rose; several uncles, and cousins.

S. C. Prison Head Condone Guards' Beating Prisoners

COLUMBIA, S. C. (ANP)—The brutal beating of five prisoners by guards at the Boykin state prison farm July 13 was termed as "necessary" by Col. Wyndham M. Manning, superintendent of the state's penal system, in a report made to Gov. J. Strom Thurmond, here Thursday.

According to the superintendent's report the guards took drastic action to quell a near riot "participated in by five homo-sexual prisoners who fought over their male paramours." The superintendent was asked to make a report on the incident following a protest from John H. McCray, local newspaper editor, to the effect that he had been informed prisoners were beaten by guards and trustees on the Kershaw county farm.

"In quelling this riot," the superintendent wrote, "it was necessary for the guards to use considerable force. The prisoners, on being privately questioned by me, said that leather straps were used, but they denied that sticks were used."

Northside Woman in Critical Condition With Gun Wounds

Miss Annette Crumpton, 25, 2406 Northwestern avenue, remains in a critical condition at City Hospital of pistol shot wounds inflicted by William Kerns, 39, 2406 Northwestern avenue.

Miss Crumpton was brought to City Hospital by Loren Rous and Charles Anthony, 33, same address. Anthony told Detectives Casper Kleifren and Charles Cavender that Kerns did the shooting while the house was filled with people.

When Kerns was arrested he told Cavender and Kleifren that he was just "jivin' around" and the gun, a .45-calibre Allen pistol went off. Other witnesses said that Kerns shot at the woman several times before he hit her. They said that he didn't seem to care if other people were in the house. Miss Crumpton was shot in the chest and the bullet passed completely through her body. Kerns is charged with assault and battery with intent to kill.

Not only is blood thicker than water as is proverbially stated but so is friendship, that is some types of friendship. Saturday night Comos Knight, 39, 2136 Columbia avenue, got in a fight with Lyman Reed, a friend. Reed cut Knight and left a scar from ear to mouth on his face. At the hospital he told Detectives Casper Kleifren and Cavender, of the Homicide Bureau, that he wanted all that could be done to be done to the "dirty son-of-a-bitch that cut me." But the day of the trial he had changed his mind. "Come to think of it," Knight said, "Reed and me is friends and I ain't gonna prosecute him."

Cavender could understand it at all. "Some of these people must be crazy," he said. "I would prosecute my own brother if he cut me like that." But Knight only laughed and walked away.

Young Woman Faces Forgery Charge 2 Checks Involved

Allyen Lyons, age 28, 423 Minerva st., is in the Marion County Jail under a \$1,500 forged bond. She was arrested on a criminal court capias by Detective Fred Swego and James Partain after making a confession that she forged a signature on two state unemployment compensation checks for a total of \$40.00.

The detectives stated that Miss Lyons forged the name of Estella C. Rabb, same address with whom she lives on two monthly checks. The checks were sent to the Minerva street address and Miss Lyons accepted them from the mail carrier twice during the month of April and May.

When investigators from the employment bureau were questioned by Miss Rabb, they made photostatic copies of the checks and submitted their report to the Indianapolis Police Department. The merchant who cashed the checks said that he did not wish to prosecute but authorities of the employment bureau said that they would have to prosecute or stand the risk of further cases of this type.

Arabs Face Slavery Charge on Seeking UN Membership

NEW YORK (ANP)—Arabs still hold Africans in chattel slavery. The Anti-Nazi League here last week threw that charge into the face of Yemen, an independent Arab country located in the southern part of the Arabian peninsula, in opposing its application for United Nations membership.

Not only does Yemen enslave Africans, a situation which the old League of Nations publicized in 1925, but practices discrimination against Jews, said Prof. James H. Sheldon, administrative chairman of the Non-Sectarian Anti-Nazi League, which is dedicated to "champion human rights."

Sheldon wired President Truman to instruct U. S. delegates to the UN to oppose Yemen's membership application when American delegates appeared to favor Yemen's membership. His league is currently pressing for the prohibition of Yemenite imports to the U. S. under terms of chapter 497, Title III, section 307, of the Tariff act of 1930, which forbids imports of goods produced by forced labor or slavery, he said.

OKLA. CHOIR TO RETURN TO AIRWAVES: After a summer vacation the famous nine-year-old "Southern Rivers" choir of Oklahoma City will again be heard over Radio Station WKY where it has enjoyed a choice spot for the last four years. The choir, directed by Miss LaRue Pittman, a graduate of Spelman College, Atlanta, has made recordings of two Negro spirituals, "Rocka Ma Soul" and "Lord I Would Come to Thee." The latter features the baritone voice of Isaac Kimbro, while the crying-like contralto voice of Madie Allen is heard in "Lord, I Would Come to Thee." In her book, "Rich Heritage," Miss Pittman is the first to glorify distinguished Negro race leaders through songs, short stories and pictures.

CAL. PRO WINS GOLF MEET AT CLEVELAND

CLEVELAND (NNP)—Display in the superior golf which already had won for him the Miami Veev Open at Dayton three weeks ago and the Yorkshire-Courier Open at Pittsburgh two weeks ago, Ted Rhodes, barefoot-wearing professional from Los Angeles, carded a 287 total over the tough Seneca course to take first prize money of \$700 in the Sixth City Open Tournament staged here Tuesday, Wednesday and Thursday of last week.

In beating out a field of twenty competitors for the championship, Rhodes broke the Seneca course record with the 66 he fired in Wednesday's play and finished the 3-day grind one under par for the four rounds.

Bill Spiller, who also is from Los Angeles and who dragged down the \$300 second place money, was medalist with a 67, breaking the course record set by the late Calvin Seales in 1940—only to see his new mark fall as Rhodes shot his sizzling 66 on Wednesday.

Joe Louis, medalist among the amateurs, was beat out in the final round for the championship by Judson Grant by a 3-2 score. Grant's medal score was 76 and he played good, steady golf all the way, but Grant, who, like Rhodes and Spiller, lives in Los Angeles, was not to be denied.

There were only eighteen entries in the women's division and Thelma Cowans of Detroit golfed her way to the title here. Hazel Foxman of Washington, D. C., finished second and Alice Stewart, Detroit, who took the medalist trophy with a 95, had to be content with third place.

Death in Chair of Miss. Boys Reported By Press of India

By LAWRENCE C. BURR

MADRAS, India (ANP) — The electrocution of James Lewis, 15, and Charles Trudell, 16, by the state of Mississippi has aroused this nation at it has not been in many decades. The Indian press is giving the incident front-page publicity, calling on the UN to take the necessary action in condemning the United States for this wanton act of "juvenile murder."

One of the city's leading daily newspapers characterized the act as "the worst case of judicial murder ever committed in the state of Mississippi." Another paper referred to it as an example of "White Justice" in Mississippi.

One of India's leading lawyers reminded me of the fact that such punishment could not be meted out in this country because there exists a law prohibiting the imposition of the death sentence on minors. This fact was pointed out because foreign missionaries generally refer to India as a "heathen" land.

Several local leaders issued statements of warning to the United States that India and the colored races of the world would tolerate no such conduct of any responsible government. Millions of Indians are adamant about the way in which these boys were not permitted to take the witness stand to plead their cases on the basis of age. In spite of the weaknesses that exist in this country's political structure, such a miscarriage of justice would not have occurred.

TEX. ATTORNEY GENERAL RULES EQUAL PAY FOR ALL TEACHERS

AUSTIN, Texas (ANP)—A ruling by the state attorney general's office here a few weeks ago that Negro and white teachers in the various school districts throughout the state must be paid equal salaries, led this week to a rejection of salary schedules of many boards by L. A. Woods, state superintendent of public education.

First rejection of schedules, which must be approved by the superintendent, was in Houston but the school board met and decided to put into effect the salary equalization plan approved by the city board some time ago.

13 WORK CAMPS OPERATED BY U. S. QUAKERS

PHILADELPHIA (ANP) — For the 13th consecutive year the American Friends Service Committee is sponsoring work camps in areas of need or regions of economic and social tension in the United States. To these work camps come young people of all races, religions and backgrounds to work in a practical way for the betterment of a community, to learn what causes tensions and how to erase them, and to give an example of harmonious, constructive living.

One of these work camps is being held in Phoebus, Va. The boys in the project are remodeling an old store building which will be used as a community center by the young people in the Negro community. The girls are working at two different playgrounds for Negro children, one at Hampton and one at Phoebus. They help keep the playground clean, supervise play for the children, teach some handicrafts, art and music.

The Phoebus work camp is sponsored by the Quakers in cooperation with the Fellowship of Southern churches. The camp is one of 10 being sponsored by the Quakers in the United States this summer. In addition, seven camps are being held in Finland and three in Italy.

BILBO FACES END, RUMOR FROM HOSPITAL

NEW ORLEANS (NNPA)—Theodore G. (The Man) Bilbo, of Mississippi, whom the Senate refused to seat at the beginning of the Eightieth Congress, was widely reported last Sunday to be on the verge of death, but no confirmation came from his doctors and Foundation Hospital said only that his condition was fair.

Bilbo spent a restless night, the hospital said. There was no new report on the fever he had been suffering since he entered the hospital about two weeks ago.

The report of Bilbo's deteriorating condition spread after complications set in while he was awaiting a further operation for a cancerous condition of his mouth. A plastic surgery operation had been planned to restore his jaw.

He was reported suffering neuritis in his extremities apparently brought on by a virus infection. Then, last Sunday afternoon, his physicians announced a pulmonary embolism—the stoppage of a blood vessel connecting the heart with the lungs—had set in.

Dr. Alton Ochsner, cancer specialist who operated on Bilbo several times and was trying to build him up for plastic surgery on his jaw, would not confirm the reports that Bilbo might be dying.

Probe of Prisons In Ala. May Follow Cruel Floggings

MONTGOMERY, Ala. (ANP)—On the heels of the official reports of the flogging of two more Negro prisoners last week came a request July 31 to the state legislature, in session at the time, by Gov. James E. Folsom, a full-scale investigation be made into the entire Alabama penal system.

Six Negro prisoners, one a woman, had been beaten for minor infraction of prison regulations the week of July 21. Forty others, white and black, had been listed as flogged during June.

State Prison Director Frank Boswell revealed on July 31 that two Negro convicts at the Union Springs road camp had been given 10 lashes each with a thick, heavy, oiled leather strap. It is said, for fighting. He indicated that the fight occurred Sunday, July 27, with one of the combatants throwing a pop bottle but that neither was hurt in the fracas.

The governor's request for the inquiry specified a rigid probing of "morals, discipline and rehabilitation." In a recent statement Gov. Folsom stated that he was "for" corporal punishment until a better system could be found.

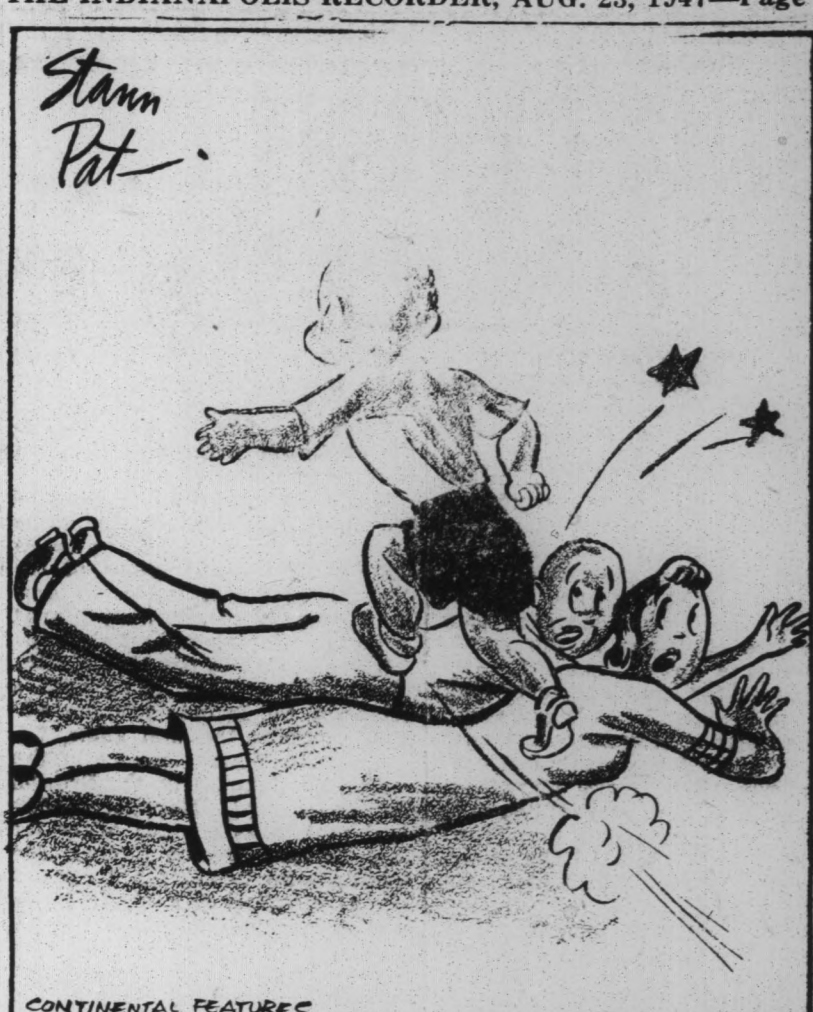

The surprise move for an investigation came after numerous editorial attacks against conditions in the Alabama prison system. The Birmingham Branch NAACP and the Alabama Federation of Women (white) vigorously protested the floggings in telegrams and resolutions to the governor.

GEN. DAVIS RETURNS FROM LIBERIA

NORFOLK, Va., (NNPA)—Brigadier General Benjamin O. Davis and his son, Colonel Benjamin Davis Jr., arrived here last Saturday from Liberia where General Davis represented the United States Government at the Liberian Centennial Exposition program in Monrovia.

Arriving on the aircraft carrier Palau, the General, with his son acting as his military aide, was flown to Washington by naval plane along with other members of the official party which included Sidney De La Rue, special assistant to the director of the office of near eastern affairs in the State Department and Dudley C. Bostwick, Liberian Desk officer in the State Department.

Court Aide's Pen Style Called Best In State of Georgia

ATLANTA (ANP)—Daily penmanship practice for 40 years paid off last week for Oscar Shelton, 70-year-old clerical assistant in Atlanta's U. S. district court. Because of his clear and unique style of keeping the docket entries and books in the district court, his books have come to be known as the "best-kept books in Georgia."

Shelton, who had worked in the office for 40 years, claims his style as strictly personal. "It is not old English or Spenserian script, it's just something that comes natural to me," he explained.

His career all began as a janitor with the northern district court in Columbus, Ga., but really got under way when he asked a lawyer to allow him to do his copy work for him. Shelton's had the job ever since.

U. S. COURT HITS ZONING LAWS IN ALABAMA

BIRMINGHAM (ANP)—Jim Crow zoning laws here are unconstitutional, according to a bench ruling by U. S. Judge Clarence Mullins last Thursday. The opinion immediately followed an afternoon hearing at which Atty. Arthur J. Shores argued that such laws violate the equal protection clause of the 14th Amendment. The suit was sponsored by the local branch of the NAACP.

The case involved the occupancy of a house built by Mr. and Mrs. Samuel Matthews in a neighborhood zoned for "white only." The house, valued at between \$4,200 and \$5,000, had been approved by city inspectors, but permission for the owners to move in had been withheld. He E. Haywood, chief building inspector, testified that the Matthews' home is located in the "B second zone" (white only, second-class residential section).

Haywood said the house "had passed its final inspection." He testified at one time that he was waiting for the final inspection report to be turned in, and again that he was waiting for the opinion of the legal department. Judge Mullins, however, pointed out that in other cases, more than 60 per cent of both whites and Negroes failed to request certificates of occupancy so long as they stayed in their respective zones.

Since the Matthews' zoning case was filed originally a phone caller is reported to have warned Shores "to lay off the case." Likewise, W. L. Patterson, chairman of the East Thomas United of the NAACP, and Mrs. Barbara V. Durr, NAACP branch president, have received respectively, one and three "cross-bone" warnings to "watch your step." The NAACP spokesmen said they intend to report these alleged threats to the authorities.

Of major importance to the antiaircraft gunner is the searchlight battery which senses the enemy's approach through the night and whose lights reach upwards through miles of sky to hold his bombing planes as motionless targets for the guns below. Shown here at Schofield Barracks, Hawaii, are members of the all-Negro 88th Antiaircraft Searchlight Battery, a skilled, smoothly-drilled team, which is a key unit in the defense of one of the nation's most important island-outposts. At the left, manning the radar unit—nerve-center which gives first warning of approaching attackers and which directs both searchlights and antiaircraft fire on the target—are Private First Class Fleming Gaskin, Pell Harris, Texas; Staff Sergeant Benjamin Clarke, Columbus, Georgia and Technician Fourth Grade Lee E. Rouse, Atlanta, Georgia. Private Fleming operates the unit's elevation controls while Sergeant Clarke controls the range section and Technician Rouse is responsible for the unit's circular sweep as it follows its target across the sky. The huge searchlights are complex, delicate mechanisms requiring careful attention to insure that they function properly. In the center photo First Sergeant Alan J. Dirrett supervises the change of carbon poles in one of the 88th's lights. Assisting him, from left to right, are Private First Class Harvey F. Kidd, Detroit, Michigan; Technician Fifth Grade Louis A. Hnn, Baltimore, Maryland; Technician Fifth Grade Charles B. Moore, Brooklyn, New York; Sergeant Dirrett and Private First Class William F. Tooley of Scranton, North Carolina. Nerve center for the searchlight battery is the control-station which synchronizes all activities of the searchlight battery. Final success of the 88th Searchlight Battery's mission depends on the work of three specialists, Technicians Fifth Grade Cleovis Gage, Thrall, Texas (at the searchlight); Lawrence Dunn, Chester, Maryland and Harry Woodward, Houston, Texas, who staff the 88th's control station.

By NNPA NEWS SERVICE

Henry Thompson, infielder, and Willard Brown, outfielder, are beginning to help the St. Louis Browns.

They were purchased to bolster the American League tallied club and to draw in a few more fans through the turnstiles which had begun to rust at Sportsman Park. They were the big guns in a 6-5 victory the Browns snatched from the Detroit Tigers in the second game of a double-header Aug. 13.

Only 3,002 fans, however, paid to see the game. This represents no increase in attendance at Sportsman Park. But on their last eastern trip the Browns played to around a quarter of a million fans and there was no doubt that Brown and Thompson boosted the crowd in New York, Washington and Philadelphia.

Jackie Robinson, Brooklyn Dodger first baseman, is being acclaimed as the greatest base-runner the major leagues have seen since Ty Cobb quit in 1923.

In the Dodgers 10-5 triumph over the Boston Braves at Ebbets Field in Brooklyn August 13, Robinson beat out two bunts to start two rallies, scored two runs and stole a base.

After Johnny Sain struck out Ed Stanky, the Dodger leadoff man in the first inning, Jackie bunted down the third base line. Sain fielded it but threw late and wildly to first, and Jackie raced to third. Pete Reiser walked, Dixie Walker hit a grounder to Earl Torgeson, Boston first baseman. Torgeson fielded the ball perfectly but

watched Robinson so closely to keep him on third that Walker reached first on an infield hit. Robinson, leading off against Sain Johnson in the fifth, beat out another bunt.

While the hitting of Brown and Thompson has been disappointing—both of them were batting below .200—in the second game of the double-header against Detroit Aug. 13, Thompson scored what proved to be the winning run on a passed ball in the last of the eighth after Brown had tied the game with a home-run, the Browns winning, 6-5, after dropping the first game, 7-1.

With the Tigers leading in the eighth, 5-2, Jake Early, the Browns' pitcher, walked. Manager Muddy Tuel sent in as a pinch hitter for Sam Zoldak, Browns pitcher, Joe Schultz who had hit a home-run as a pinch hitter in a recent game. Manager Steve O'Neill of the Tigers took out Hal White and sent to the mound Hal Newhouser, star left-hander who had beaten the Browns fifteen successive times.

Ruel withdrew Schultz and sent Brown in to hit. He drove Newhouser's first pitch to the center-field wall for an inside-the-ark home-run, scoring Early ahead of him.

Thompson drew a base on balls. With Paul Lehner batting, Thompson stole second. Thompson went to third when Lehner grounded out. As Jeff Heath swung and missed a curve ball, Wagner missed the ball and it rolled to the grandstand, Thompson scoring the winning run.

Thompson played second base in

the second game and was credited with one hit, a double, in two times at bat; two runs, two putouts and three assists. He also stole a base.

In the first game Thompson batted for Pitcher Brown in the ninth and singled, batting in St. Louis' lone tally.

Both Thompson and Brown got into the doubleheader against the Chicago White Sox at Comiskey Park in Chicago August 11—Thompson playing in the opener which the Sox won, 5-2, and Brown in the nightcap, which the Browns won, 8-4.

At bat four times, Thompson was credited with a hit. He made two putouts and five assists and figured in three double plays—Thompson to Stephens to Judnick (2) and Dillinger to Thompson to Judnick.

Brown went hitless in four trips to the plate. He made one putout. In the four innings he played against the White Sox at Comiskey Park August 12, Brown got a single in two trips to the plate. He tied to Wright, Sox right fielder, the first time he came to bat in the second. He opened the fourth with a single to center but was forced at second when Judnick bunted. Coleman batted for him in the fifth and when the side was retired replaced him in right field.

Robinson's ability to lay down perfect bunts is proving of great importance to the Dodgers in winning games. His sacrifice August 14 put Ed Stanky in position to score the winning run to give the Dodgers a 1-0 win over the Boston Braves.

Stanky opened the eighth with a single. Jackie sacrificed. Carl Furillo hit a grounder to Hanny Fernandez, which the Boston shortstop couldn't handle, and Stanky scored from second.

At bat three times, Jackie was credited with one hit, a double to left center. Afield he made seven putouts and two assists.

Against the Phillies at Shibe Park August 15, Jackie contributed four hits, two runs and two stolen bases to the Dodgers' 8-1 victory. In the first he singled to left. He slammed a single into Schoolboy Rowe's shins while leading off in the third. After Pete Reiser fled to Del Ennis in left field, Jackie stole second, his eighteenth theft of the season. He and Reiser later executed a double steal.

With one away in the fifth Robinson singled to left for his third straight hit. His final blow was a double off the left field wall to open the ninth, hitting Rowe's first pitch.

When Ennis tried to score in the third all the way from first, Robinson's throw to Bruce Edwards nipped him at the plate. Ennis became so incensed at the decision that he pushed George Barr, the plate umpire. Barr put him out of the game.

Robinson's batting average thru August 15: G, 114; AB, 446; R, 97; H, 132; 2B, 22; 3B, 2; HR, 8; RBI, 33. Percentage: .294. The batting average of Larry Doby of the Cleveland Indians thru Aug. 15: AB, 23; R, 2; H, 3; 2B, 0; 3B, 0; HR, 0; RBI, 2. Percentage: .130.

POSTAL WORKERS ALLIANCE TO MEET IN CLEVELAND AUG. 18-22

CHICAGO (ANP)—Cory Methodist center, Cleveland, will be headquarters for the first convention in four years of the National Alliance of Postal employees, Aug. 18 to 22, it was announced here last week by Ashby B. Carter, president of the postal group.

Heading the list of prominent speakers scheduled to appear before the body is George E. Johnson, dean of Howard University Law school and former deputy administrator of the President's FEPC commission, who will make the principal address at the opening public meeting.

Interest at the convention will center around the current effort to bring about the appointment of Negroes in postal positions in the South, thus breaking the unwritten law that such positions are not for Negroes. Some progress has been made along this line. Last February, five Negroes were appointed to clerks' jobs in Houston, the first in 40 years. Other appointments have been made in Richmond and Norfolk, Va.

Another feature of the sessions will be the presentation of an award to Louis B. Seltzer, editor of the Cleveland Press, a Scripps-Howard daily that has been active in the NAPE effort to have Joseph P. Bryant Jr., restored to the postal service. Bryant was employed

THEATER OWNERS-PRODUCERS OPPOSE ACTORS' MOVE ON 'J. C.'

NEW YORK (ANP)—A move last week by the Actors Equity association (AFL) to end Jim Crow against Negroes in the country's legitimate theaters received powerful opposition from the League of New York theaters, representing the nation's leading producers and theater operators.

Not only did the theatre managers decline to give the actors' association the power to fight discrimination against Negroes in legitimate theater, but launched an immediate propaganda campaign in behalf of Jim Crow.

Arthur Hopkins' article in the New York Times last Sunday, entitled "Jim Crow Audiences," reviewed the American theater briefly by referring to such old-time stage stars as Daly, Rehan, Frohman, Jefferson, Mansfield, Mrs. Drew, O'Neill and Mrs. Fiske in a subtle effort to dissuade actors to relinquish the fight against banning Negroes from the audiences of legitimate theaters.

Alway "49 playable cities in 133 states" ban Negroes from the theater audiences, the league admitted, but Hopkins proposes to remedy this condition of intolerance by letting the audience see how free actors are of race prejudice.

On the other hand, 5,000 dancers, members of the Chorus Equity association, have joined the Actors Equity association to deny white Americans the right to deprive American Negroes of the cultural benefits of the legitimate theater. Both actors' and dancers' contracts expire on Aug. 31.

First of the nation's theaters to feel the combined effort of the actors and dancers to knock out

as a window clerk at Shaker Square station. He was accused of overcharging 72 cents on two packages, tried in federal court and acquitted by a jury in less than 20 minutes. However, he had been fired from this position, and has been denied reinstatement.

Among other speakers slated to appear are Lester B. Granger, executive secretary of the National Urban League; Clarence Mitchell, NAACP labor secretary; Eleanor G. Coit, New York, director of American Labor Education service; and Milo Manley, field director, National Council for a Permanent FEPC. Most of the speakers will appear on the closing program, set aside as "Civil Service Employees Night."

At a referendum held last month, delegates from 83 branches in 35 states decided to retain all of its national officers. Ashby B. Carter, Chicago, was unopposed for reelection as national president, as were Votie D. Dixon, Washington, secretary and Phillip W. Holland, Birmingham, treasurer. Harold L. Pilgrim, Philadelphia, was reelected vice-president over sole contestant John C. Lyman, also of Philadelphia. Snow F. Grigsby, Detroit, retained the editorship of the Postal Alliance, sought by Thomas J. Flanagan of Atlanta.

THEATER OWNERS-PRODUCERS OPPOSE ACTORS' MOVE ON 'J. C.'

Jim Crow will be the National theater of Washington, D. C. Union officials have complied with provisions of the Fair Hartley law for calling a strike, but deny they plan such a move. They seek a contract clause which provides that no actor shall be required to play in Washington after June 1, 1948, unless the practice of not admitting Negroes is discontinued.

HILYARD ROBINSON BACK IN LIBERIA

WASHINGTON (ANP)—Hilyard R. Robinson, technical director of the Liberia Centennial exposition, left this week for Liberia where he will confer with the Liberian government on further plans for the exposition which has been postponed until November, 1948.

It is generally believed that the plans will be completed at the October meeting of the Liberian legislature.

Congress is expected to take action on the measure appropriating funds for a building at the centennial when it reconvenes in January.

Several state legislatures have passed bills to appropriate funds for state buildings at the exposition.

View from the Crossroads

By J. Frank Hanley

If you were to listen to a Negro say that our background and training had led the race in to a vacillating position in most circumstances, no doubt there would be strong resentment. Yet the very fact that our newspaper as well as the newspapers of the other group seldom plays up the achievements of the Negro is an index of something that has far more import than most of us think.

To be a part of a great country where everything happening is played up and nothing is presented that is wholesome it is a conclusion that the members of that group must suffer a psychological back set. We so often hear about the Negro who lives below the Mason-Dixon line, his adversities, his deprivations, yet few of us in this vicinity or above the Mason-Dixon line have the inspiration or encouragement accorded by accomplishment or by participation in the activities which are so near to cultural development.

Until the Negro race as a whole can see the wisdom in developing a culture of their own greater than the art of entertainment and publicizing the achievements of the race to reach the place sought in the sun. Let us remember that it is not a majority group or race that developed America but the Negro artisans who with the skills and arts made this a great country. Find yourself the dignity of a great race of people in the source book of Benj. Brawley titled the Negro in Our History.

One can readily do as we do in many circumstances, criticize the Negro for his weaknesses. This follows naturally when the general knowledge presented is always an attack of the worst the race does. Let us look in a direction where we are being lead by the best done by our race. Do you think that to know first hand the great Negroes, to have first hand knowledge of their achievements would affect the basic attitude and response of our race? Probably that is why some of our leading people of our race hold

their own in so many varied fields of endeavor hall from the South. With no thought of advocating an exodus, it comes so clearly to one's mind that when you are directed into a channel where you can learn first handed your rightful heritage and not have hid, completely eliminated from your scrutiny, the great things done by a suppressed people, it follows in logical sequence that a well formed pride is generated and the learners find a wealth of inspiration.

We are groping for something that has not been found in the great states of freedom above the Mason-Dixon line. What the North does to us it is difficult to analyze. What the South does to us it is also difficult to analyze. But the personalities coming from the South have continually found places of international and national fame. Whatever we are trying to escape we have not done it successfully. As we turn the pages of endeavor we find the beautiful South with all its disadvantages leading the Negro in America. Art, sciences, athletics, finance, industry, business—pick any field and seemingly the tops are Southern Negroes.

Why? this is a mooted question. But we can say definitely that in the South the Negro in his educational program brings to him the glories of the men who made early America. It is an educational fact that direction is the basis of learning, and in a situation where you are taught to be ashamed of a race of people because of the short-

comings of the race we can expect only to find a vacillating response.

Let us say that a little more acquaintance with the virtues of this great entity in American Culture will no doubt bring about an interest of sincere pride so that we can challenge the misdirection of the periodicals. The greatness of our group will not be found in an escape or an attempted escape. The greatness of the Negro will be found in a thorough knowledge of what the Negro race is and becoming proud of our glorious heritage.

C. C. SPAULDING TELLS WAR VETS TO HOLD BONDS

DURHAM, N. C. (ANP)—C. C. Spaulding, one of the national leading financiers and president of the North Carolina Mutual Life Insurance Company, uttered a warning to veterans this week urging them to think before they cashed their GI bonds.

"Now that Congress has lifted restrictions on the cashing in of terminal leave bonds," Spaulding said, "there will probably be a rush on the part of many former soldiers to cash them in without a definite plan on how to use them to the best advantage."

"Although we are in the life insurance business and may feel that is our first concern, as servants of the people it is our duty and responsibility as good business men to use our influence and urge all GI bill of rights to further their life they can be used to the best advantage. We hope they will exercise their full rights under the GI bill of rights to further their education, establish businesses, and finance the purchase of a home."

"The same holds true with government insurance. Urge every ex-service man to hold on to his insurance because he never again will be able to secure life insurance at rates so low and terms so favorable as the government is prepared to offer."

Wilberforce U. Still Center of Factional Strife

WILBERFORCE, O. (ANP)—The battle of Wilberforce university here is on, with charges and counter charges flying in all directions.

In Cleveland, an Ohio Citizens committee has been organized to back the AME church's demand that the state of Ohio return the state-supported college to the AME church. Already the committee has put out release newspapers, charging Dr. Charles H. Wesley, ousted president of Wilberforce, and Ray Hughes, trustee of the state department of Wilberforce, have also sent press release to newspapers.

AME church backers, those who supported the school's church trustee board that fired Dr. Wesley, held the state-supported part of Wilberforce is an initial step toward a Jim Crow university for Negroes. Backers of Dr. Wesley deny the charge by retorting that Wilberforce has always been a predominantly Negro school.

Church backers also charge that supporters of the state supported school are attempting to frighten students from the AME schools by saying only students of the state supported school will be allowed.

Labor Partu Backs Brooklyn Woman For City Council

BROOKLYN (ANP)—Mrs. Ada B. Jackson, mother and housewife is being supported for the post of city councilwoman by the American Labor party in the coming special election. Designation of Mrs. Jackson for the vacancy caused by the resignation of Anthony Di Giovanni followed failure of the Republican and Democratic parties to designate a Negro candidate, according to Leo J. Linder, chairman of the ALP.

The ALP statement points out that "throughout the history of Brooklyn no Negro has been elected to any legislative or judicial office, despite the fact that 135,000 Negroes reside in the borough." Both major parties, the statement continues, expressed the view that white voters would not support a Negro candidate.

Mrs. Jackson has been a resident of Brooklyn for 24 years and is an active leader in the United Parents' association, the Bedford-Stuyvesant Schools council, the YWCA, and various church and community organizations.

TOURISTS FACE JIMCROW BY CUBAN HOTELS

By FRANCIS SAMPSON

HAVANA (ANP)—The management of the Sevilla-Biltmore Hotel gave full use of the facilities of the famous hostelry to several well known American Negro tourists on a three-day visit to Cuba last week when Harold Flowers, well known Arkansas lawyer and legal counsel of the National Negro Business League, threatened to ask the visitors to walk into the streets of Havana with bags and baggage and sleep in the parks.

Tourists were taken to a side street entrance of the hotel, where a partition had been set up to prevent a full view of the main lobby of the hotel. The guests were forced to walk up two flights of stairs to reach the floor where most of them were given rooms. This form of segregation was brought to the attention of the legal counsel and Lynwood Brown, league secretary by Horace Sudduth, Cincinnati realtor.

"The hotel manager said that 'certain tourists from America' objected to the presence of American Negroes in the hotel as they were not permitted to use hotels in certain sections of the United States. Flowers immediately advised the manager that 'two are American citizens and as such are demanding the same treatment as would be accorded any other Americans upon visiting in Cuba despite conditions affecting Negroes in America. We will immediately ask the American Negro tourists to leave the hotel and walk into the streets of your beautiful city with bags and baggage and sleep in the parks if the facilities of this hotel are not made available without discrimination.'"

The management agreed immediately but warned that it might make it hard for other Negro tourists

FATHER DIVINE, DADDY GRACE UNDER FIRE OF NEW YORK CLERIC

NEW YORK, Aug. (NNPA)—

Bishop R. C. Lawton threw a broadside at Father Divine and Daddy Grace here Sunday night when he accused the two religious leaders of trying to supplant God during his weekly radio broadcast from the Refuge Temple, Seventh Avenue near 124th street.

This is thought by many to be the torch that will set off a religious war, all the way down the Atlantic seaboard. It is to be remembered that Daddy Grace recently purchased a large holding in New York and this is believed to have been done to enable him to establish a "House of Prayer for All People" in the Harlem district.

Bishop Lawton told his audience, both radio and church, "Daddy Grace preaches himself as the grace of God, subtly supplanting Christ in the minds of the people. If his real name is Grace, it is a more coincidence and should not be confused with the grace of God,

N.M.U. Scores Abuse of U.S. Seamen in Greece

NEW YORK (ANP)—The beating, robbing and imprisonment of three Negro-American seamen, members of the National Maritime Union, in the port of Piraeus, Greece, was sharply denounced Wednesday by Ferdinand C. Smith, secretary of the union, as "shocking fruits of the Truman doctrine."

The three seamen, including Thomas Groves, ship's chairman, and two other crew members of the SS Marine Corp. Love and Marina, were arrested on July 27 and sentenced to four months in prison on a charge of striking a king's soldier.

Mr. Smith said the union has taken the following steps in the situation:

1. Cabled the American consul in Piraeus, Greece, to intercede immediately on behalf of the three men.
2. Protested to the U. S. Coast Guard in Washington and requested an investigation of a Coast Guard officer in Piraeus who is charged with having made derogatory remarks regarding Groves being a Negro and a union representative on the ship.
3. Requested intervention by the department of state to secure their release.

"The American people will be outraged to learn that Fascist Greek police, using American guns, dared to attack American citizens without provocation and impose unprecedented jail sentences upon them," Smith said. "We will take this fight for justice and democracy to the American people."

"Details of the shocking assault upon these American seamen and the violation of their civil liberties came from two eyewitness reports from members of the crew. Groves, the ship's chairman, went ashore in an effort to assist two other seamen involved in a quarrel. John Mackey, steward delegate of the vessel, charges that:

"I saw a uniformed Greek policeman on the dock raise his rifle butt and strike Groves in the back of the neck and Groves fell into the water. Groves, at the time he was struck, was getting out of a launch owned by the American Export Lines. At no time while Groves participated in the scuffle that was going on upon the docks between two crew members and the Greek police. In my opinion, it was instigated by these fascists, because the whole scuffle was between only

two crew members and about 25 armed Greek policemen."

Mackey's statement charges also that the Greek police fired at the ship in an effort to shoot several crew members swimming in the water near the gangplank. He said these crew members were "trying to escape what was happening to their brothers ashore."

S. C. LIBERALS AIDED AT POLLS BY NEGROES

CHARLESTON, S. C. (ANP)—

Any liberal white group who wishes to unseat reactionary political rings in their midst can rely by far more on the support of Negro voters than on white voters. It was revealed in recent political fights in several southern communities. The struggle for a more liberal franchise law in this state has had greater support proportionally from Negro votes.

South Carolina, like other southern states, has a liberal element in the Democratic party which is led up with the reactionary politics of the party leaders. The tactics designed to curtail the Negro vote have resulted in obstructing the vote of thousands of poor whites as well. Yet revolt against reaction in the South Carolina Democratic party is greatest among the comparatively few Negro voters of the state whose numbers, nevertheless, are increasing appreciably from year to year.

The Progressive Democratic party is a virile force in the state for more democratic practices and policies in the party. Color blindness and race prejudice are preventing the rank and file among the whites from seeing the political problem realistically. They see white instead of political supremacy. The issue of white supremacy is stirred up to such an extent that they fail to see that the real issue is the supremacy of the small clique of their party who holds the reigns of power for personal gain.

Some white in South Carolina see through the political trick of the party leaders and wish to dislodge them from power. That is also the situation in Georgia where some white voters are not influenced by Herman Talmadge's appeals for white supremacy. Gov. Thompson represents the anti-Talmadge faction which is winning some support from white voters. But the greatest support proportionally is being given Gov. Thompson by Negro voters.

FBI HIRING POLICY SCORED BY NAACP

WASHINGTON (ANP)—Stirred

by growing complaints from Negro applicants for FBI clerical jobs charging J. Edgar Hoover's department with giving Negroes a "brush off," the Washington bureau of the NAACP protested what it termed a "illy-white hiring policy."

In a letter to the FBI chief, Leslie Perry, NAACP spokesman, said, "It is increasingly difficult for thousands upon thousands of American citizens to believe that an agency of the government whose personnel recruiting record is so badly tainted with racial bias, will when it comes to protecting the rights of minority racial groups, give them a square deal."

The situation which drew the NAACP fire came as a result of a result of a story which appeared in the Washington newspaper, stating that the FBI was accepting applications to fill 2,000 clerical jobs and openings for 500 additional agents. This increase in personnel was apparently necessitated by the recent authorized federal employee that 9a)eaC7z4sr?

According to the NAACP spokesman, hundreds of Negro government clerks who are about to lose their jobs in other agencies because of reductions, are applying for these openings. Many other experienced Negro government workers who were terminated immediately after the war have also unsuccessfully attempted to find jobs with the FBI.

Husband, Wife Each Confess Killing

SOUTH BEND (Special)—Miss

Ethel Mae Jones, 33, and her common-law husband, Elmer Rosemond, 25, of 226 North Niles avenue, are being held without bond while police determine which was responsible for the fatal shooting of Eddie Wesley, 30, of Kalamazoo, Mich. Friday night last week in front of Smike's tavern, 432 S. Chapin St.

Detectives said Miss Jones confessed about an hour after Rosemond appeared at police headquarters, saying he had killed the victim during an argument in which he and his common-law wife had been threatened by the dead man. The confession of each appeared plausible, officers said.

The following day, upon reflection, however, Miss Jones signed a sworn statement repeating her previous oral confession which she had made merely to protect her boyfriend, with whom she was living as common-law wife. The argument leading to the shooting was over which one was to be the "head man" in the future.

Detectives admitted Rosemond had complained to them last week that his life had been threatened by Wesley in the Michigan city where all three principals had formerly lived. Miss Jones admitted she had been keeping company with both men at the same time while living in Kalamazoo.

FORMIN)AM (ANP)—The Birmingham Branch NAACP declares that it will spearhead a campaign to "knock out the Boswell amendment."

A renewed declaration came last Thursday night at the monthly membership meeting of the branch following adoption of a report on voter-registration made by J. J. The Boswell amendment is Alabama's Negro-vote-control scheme which requires "explaining" the United States Constitution to the satisfaction of the board of registrars.

Asked to explain the position of the local branch in view of the fact that the Alabama NAACP conference has as its No. 1 project "stripping the Boswell law from the books" by legal action, Mr. Green elaborated to say that the Birmingham branch intends "to hold the conference to its promise and supply the spark to make the campaign a state wide activity."

EVANSVILLE (Special)—A Negro settlement in a suburban subdivision would be the best solution to the vexatious Negro housing shortage within the city limits, the committee recently appointed by the Welfare Council decided last week. It has begun search for a satisfactory location.

The committee was appointed to study Negro housing conditions at the request of George Gray, manager of the Lincoln Gardens Housing Project, who reported that 51 families of approximately 200 persons would have to move next March because their incomes are higher than permitted by the federal government housing authority.

These families, Mr. Gray said, have incomes swollen by the war and postwar prosperity in excess of the \$2,000 maximum for the low income groups living there.

Construction problems being what they are, the Welfare Council felt there was little hope of relocation the families to be ousted within present restricted limits of the Negro sections of the city, which are already overcrowded. The suburban settlement for Negroes presented itself as the best solution, committee members said. Committee members are: Walter Hayden, chairman; John Soule, Gale Bradford, Don Raebler, Rev. Frank Hamilton, William A. Smith, Henry Walker, Jr., and Zachariah Buckner.

Mr. Raebler was appointed chairman of a subcommittee to investigate sites for the project. The matter of location being considered the most important step toward securing the subdivision.

FAT SALVAGE COLLECTIONS

The housewives of this community, the state and nation are still being called upon to save waste fats from their kitchens, by the American Fat Salvage Committee.

The program was instituted in August 1942 by the federal government to alleviate the critical shortage of fats and oils brought about by the war. The Committee reports the world still faces a critical shortage of fats and oils which enter into the production of many commodities of everyday life of the people of the country.

An appeal is extended to housewives of the nation to continue their salvage of kitchen waste fats. Continuation of the program by housewives will stay a shortage of soap the committee announces, and it is a continuation of the patriotic spirit so nobly exhibited by the housewives of the land during the war.

We note, there is another aspect of the program, six hundred and twenty-five million pounds of waste kitchen fats have been salvaged by housewives of the nation since 1942. Without the fat salvage program most of this would have gone down the kitchen-sink drains or into the garbage pails.

The housewives of our community, state and nation have contributed waste fats and oils very much needed to manufacturing industries and they have engaged in a big business. It must be noted that at the price allowed of four cents a pound, they have done a twenty-five million dollar business in five years. Dumped into garbage pails or thrown away otherwise, one has an idea of the waste of substance going on in our land of boasted plenty.

ADVENTURE FOR THE PRESS

The Saturday Evening Post, styled by its own admission, "an American institution," reports in a recent issue that "The American Negro Is a National Resource."

The Post in this instance has crossed the road. One must note that this "American institution" of some international significance has for a half century ignored a certain ten per cent of the population of the country. Otherwise it has followed the vicious pattern or tradition of portraying only the type of Negro individual that might be subject to ridicule.

However, "it is a long road that has no turning point." And the Post proposes: "Maybe it's time for white people to stop talking about the Negro exclusively as a problem, and start thinking in terms of his enormous achievement in the eighty-two years since the opening of the first Freedman's Bureau."

The Post notes that fourteen million people are engaged in practically every form of human endeavor. This is true but the Post did not note that Negro scientists worked on the atomic bomb development. The Post and its affiliates of spirit and blood in the field of journalism have suppressed or eliminated from the printed page, general facts portraying black men in roles of wisely and profoundly endowed general humanity.

Thomas Jefferson said on one occasion, "it takes time to make men see what is for their own good." In this connection, we know that wise and honest leaders of the nation in all fields are beginning to study the "Negro Press" in search of certain truths not to be found elsewhere. Men who make the Saturday Evening Post come in contact with the Negro Press, The Philadelphia Tribune, The Pittsburgh Courier, The Baltimore Afro-American, The Chicago Defender and other Negro newspapers. Readers may form their own conclusions in this instance.

VOTING IN THE SOUTHLAND

Mississippi Democratic officials denied last week that six thousand Negro people of the state voted in the Democratic primary. They report that only 390 Negro people voted including sixty-five in the all Negro town of Mound Bayou.

In nine counties of the state the Negro population is equal to, or larger than the white population. Sam V. Anderson, representing the Washington County Democratic Committee and the Greenville Rotary Club, reports that only 1,691 Negro people qualified in these nine counties.

The Negro population of these counties totaling more than a half million people represents a cross-section of the people of the South. They are tax payers with substantial holdings in valuable farm lands and real estate. They are substantial business people, professional people and others engaged in every type of worthy endeavor. In Mississippi as elsewhere they have been denied the right to vote by subterfuge, legal or otherwise.

The "vote gag" in the South retards not only the cultural or civic and economic progress of Negro people, but millions of poor white people at the same time. The nation as a whole is paying for the social ills of the South stemming out of the failure of democratic political processes. One evidence is the overflow into other areas of the country of the backward people of both races from the South, along with problems they produce.

It now appears that the right to vote cannot be denied to those who stay in the South, by any law or subterfuge, if the executive and judicial department of the federal government shall uphold the U. S. Constitution on the right of citizens of the nation or several states to vote in general elections.

Provisions of the Fourteenth Amendment to the U. S. Constitution are clear and inescapable in word and spirit on the right of all citizens to vote in general elections.

Quoting in part from this Amendment, it says as follows:

"... But when the right to vote AT ANY ELECTION for the choice of electors for President and Vice-President of the United States, Representatives in Congress, THE EXECUTIVE AND JUDICIAL OFFICERS OF A STATE, OR THE MEMBERS OF THE LEGISLATURE THEREOF, is denied ANY OF THE MALE INHABITANTS OF SUCH STATE, being twenty-one years of age, and citizens of the United States, OR IN ANY WAY ABRIDGED except for participation in rebellion, or other crimes, THE BASIS OF REPRESENTATION THEREIN SHALL BE REDUCED IN THE PROPORTION WHICH THE NUMBER OF SUCH MALE CITIZENS SHALL BEAR TO THE WHOLE NUMBER OF MALE CITIZENS TWENTY-ONE YEARS OF AGE IN SUCH STATE."

MANPOWER AND ENGLAND'S FUTURE

Two-thirds of the nations of the world have their hand in Uncle Sam's pocket and Great Britain has her finger in his eye at the same time, a naive writer on the international scene recently observed. "The man in the street U. S. A." is now playing or will play a big role in world affairs of tomorrow and he should be disturbed when his pocket is raided.

Further it is charged that England is making the biggest raid, and England is in an economic crisis which may lead to—what ends, it remains to be proved. There is a

critical manpower shortage in Great Britain with no solution in sight.

Some ministers of the present British government propose to bring manpower from the colonial dependencies. But this will inescapably produce awkward situations in relation to "white supremacy" doctrines and affinities. It appears that some members of the cabinet and parliament have called for the introduction of Africans into the armed forces and the industrial economy of Great Britain and the empire.

Repudiating a suggestion that Britain has sunk to the position of a third-class power, in a debate over the manpower situation recently, Ivor Thomas, under-secretary for colonies said:

"The voice of the United Kingdom commands no less respect than it ever did. We are a first-class power because we are the center of a great commonwealth and empire. With regards to the colonies, the theme we are working on today, Britain's need is the colonies' opportunity. It is a unique opportunity to help ourselves and at the same time lead the colonial empire to standards which have not before been thought possible."

Contrary to the observation of Mr. Thomas, Great Britain is in a precarious situation with regards to her former leading role in world affairs. But there is a remote possibility that the drag on Uncle Sam's pocket or pocketbook may be eased up in two or three years.

Also there is a remote possibility that black Africans trained in the "machine age" industries, armed forces and universities of Great Britain may return to Africa some day, to challenge "white supremacy" doctrines on the mother continent of black men and high civilization when much of Europe was a primeval forest.

UNIVERSAL MILITARY TRAINING BACKED BY T. K. GIBSON, JR.

The Negro's future is inescapably tied in with the future of the U. S. for better or for worse, declared Truman K. Gibson Jr., Chicago attorney and member of President Truman's Committee to Study Universal Training, before students and faculty of Virginia State college here Aug. 11.

Mr. Gibson was speaking on the subject of "Universal Military Training." Pointing out that universal conscription first meant to him a chance to wipe out the inadequacies in the educating of Negroes in the south, he said he came to the realization that health and education advantages derived from the proposal were subordinate to the major issues of the defense of the country and maintenance of world peace.

His original thinking "was characteristic of the split thinking that all Negroes engage in when considering large issues of the day," he said.

"We look at them through the magnifying glass of race, which sometimes like a prism distorts that at which we are looking. Sometimes we forget that for better or for worse our future is inescapably tied up with that of our country. As bad as conditions are at home and as intolerable as they sometimes are and despite the many occasions that the word 'democracy' becomes a mockery, nevertheless our system of government is so far above anything else that our energies should be directed at making what we have work and not longing hopelessly for an easy way out."

It will be easier for Negroes to tie themselves up as citizens of the U. S. in the future, he declared. Diplomats are realizing that it is not what the country says but what it does that counts.

In considering universal military training, we Negroes must look at the facts squarely and not be misled by emotional arguments. Those who charge that such a system cannot work reflect on themselves and their country," he asserted.

ATLANTA (ANP)—Fred Hand, speaker of the Georgia house of representatives, is currently engaged in launching a drive for a special session of the state legislature to write new laws that would impose additional restrictions on Negro voters before the elections next year. In a letter to Gov. M. E. Thompson, Hand asked for a special session to write "educational qualifications" into the election laws. Hand is a close associate of Herman Talmadge.

Gov. Thompson refused the request and indicated that he would not permit the legislature to convene "without a scrap." Nevertheless, the legislature has the power to meet without the governor's call provided the sponsors of the special session secure the assent of three-fifths of the members of each house. Hand declared that he plans to contact "every legislator that I can reach."

The governor's reply said "I must state quite frankly that I cannot join with you in this movement and I will not sit silently by and become a victim to your strategy." He pointed out further that such a move is ill-timed because it comes at the height of the Georgia tobacco, peanut and produce harvest season when farmers and people in small towns need to concentrate on their businesses. Moreover, the extra expense of the session, he said, might make it necessary to "pass the hat" for more money.

If pressing concern that large groups of Negroes might vote under the recent federal court decision, Hand quoted statistics to show that 80 per cent of Georgia's colored population has less than a seventh grade education. He did not quote statistics for the white population.

Labor Views

TAFT-HARTLEY LAW NO AID TO NEGRO WORKERS; BIG BUSINESS WALKS OUT ON IT

NEGROES WHO urged support of the Taft-Hartley bill should now take a second look. The law, as the AFL and the CIO charged, is unenforceable and fraudulent. Though discrimination is still widespread against Negro workers, nobody yet has come up with a suggestion for using the Taft-Hartley law as a means for fighting it.

If a smart lawyer came up with such a proposal, nobody would be more surprised than Messrs. Taft and Hartley. Notwithstanding, this would be on a par with some of the other surprises which the law has produced.

The main purpose of the law was to strengthen the hand of employers against unions. It was to make it difficult if not impossible for workers to raise political campaign funds to use against congressmen and senators workers do not trust. It also was to protect the public against certain abuses of union leadership.

Thousands of Negro citizens went along with the idea of eliminating the abuses committed by certain union leaders. But the main abuse of power by both employers and unions was not even mentioned. That is, the wholesale discrimination against Negro workers, Jews, and Spanish Americans in various sections of the country.

The law is fast becoming a dud. Politicians who thought labor would not be able to strike back are learning that the CIO and the AFL are raising the biggest political campaign funds in their history to retire from office every Taft-Hartley politician. The attorney general, Sen. Taft, and the conservative press of the country are explaining there is nothing in the law that prevents labor from raising a campaign fund.

And the newspapers with an eye to their own freedom are saying "of course no union publication will be prosecuted for recommending the defeat or election of a candidate."

But that is not what really hurts the Taft-Hartley politician. Big business, after campaigning for the law, is now walking out on it. The really big employers in such key industries as coal, steel, automobiles, farm equipment, rubber, shoe manufacturing and others are signing contracts which protect labor against the Taft-Hartley law.

Rep. Hartley is furious at this walk out by big business. At the convention of the International Apple association a few days ago he warned:

"Let me serve notice on employers throughout the nation that if I find, as I've already done, that they are by-passing the act, I'm going to invite them to Washington." This is just too amazing! Here we have a Republican representative from New Jersey scolding big business for peaceful settlements with labor. Messrs. Taft and Hartley persuaded a lot of congressmen to crawl out on a long limb to fight labor. Now it appears it is not the unions, but big business that is sawing off the limb.

In The Nation's Capital

By LOUIS LAUTIER
For the NNPA News Service

The Washington Daily News last Monday carried a story to the effect that Representative Fred L. Crawford, Republican, of Michigan, wants the Virgin Islands Company, a Government corporation, liquidated. A check at Mr. Crawford's office the next day brought the statement that that office knew nothing about the report.

With the Howard Hughes investigation suddenly recessed by Senator Homer Ferguson, Republican, of Michigan, there is a dearth of news in Washington, and perhaps some enterprising reporter dreamed up the story. Nevertheless it would not be amiss to review the history of the Virgin Islands Company.

The economy of the Virgin Islands, once referred to by President Hoover as America's "poor house," is mainly agricultural. Their principal product is sugar-cane. In 1930 the West Indian Sugar Factory, Ltd., the principal grower and processor of sugar-cane in the islands, went into bankruptcy, and the Red Cross had to feed and clothe about 40 per cent of the people of St. Croix, the largest of the Virgin Islands.

From 1930 to 1934, the Federal Government tried to interest private capital to purchase the land and sugar mill of the West Indian Sugar Factory. But there was a depression and private industry was not interested. The plight of the people worsened.

The National Industrial Recovery Act of June 16, 1933, which was applicable to the Virgin Islands, authorized the President, through the Federal Emergency Administrator of Public Works or some other designated agency, to acquire real or personal property for public works projects. President Roosevelt allotted \$1,000,000 for the rehabilitation of the sugar cane and rum industries of the Virgin Islands.

About 5,000 acres of land, two sugar mills, a distillery, machinery, warehouses, twelve workers' villages, other buildings, and a small railroad were bought. The Virgin Islands Company was created to administer the project.

The corporation was created "to aid in effecting the economic rehabilitation of the Virgin Islands of the United States and to promote the general welfare of the people." Three shares of stock were issued to the incorporators—Secretary of the Interior Harold Ickes, Assistant Secretary of the Interior Oscar Chapman and Governor Paul Pearson of the Virgin Islands—upon payment of \$10. These shares are now held by Secretary Julius A. Krug. Under Secretary Chapman and Governor William H. Hastie.

Under a trust agreement, the three stockholders, as trustees, hold their shares for the benefit of the people of the Virgin Islands. A seven-member board of directors, including Mr. Krug, Mr. Chapman and Governor Hastie, serves without pay.

The Secretary of the Interior entered into an agreement November 26, 1934, with the corporation for the operation of the properties. The agreement was due to expire November 26, 1939, but was twice extended for periods of five years and is now due to expire November 26, 1949.

The company grows about 3,000 acres of cane. It purchases, besides, cane grown by about 550 independent growers. Its chief product is rum. But, in addition to its rum and sugar operations, it maintains dwellings and subsistence plots for its employees, leases to a private operator a 75-acre poultry farm, operates a stone crusher and supplies stone for local installations to the Virgin Islands government and the United States Army, leases the abattoir at St. Croix and the market and cold storage plant at St. Thomas, and operates a schooner for general freight and passenger traffic between St. Croix and St. Thomas.

It also has a rural electric division, formed in 1941 with funds borrowed from the Rural Electrification Administration. It normally employs about 600 persons and during the five-to-six month sugar harvesting and grinding season it employs twice that number.

Under the Congressional Reorganization Act, as applied to Government corporations, it was necessary for the Virgin Islands Company to apply for a Federal charter. Bills introduced in the House and Senate to incorporate the company provide for its capitalization in the sum of \$2,000,000 subscribed by the United States. Funds for its capitalization would be appropriated out of money in the United States Treasury. The corporation also would be authorized to borrow out of the Treasury sums of money not to exceed a total of \$1,000,000 outstanding at any time.

INDIANAPOLIS IS THE MECCA OF NORTHERN WHITE SUPREMACY

by ANDREW W. RAMSEY
INDIANAPOLIS JUSTLY earns the title of the Northern of white supremacy. It is not an accident that the Klan during the twenties or the Columbians last year were able to get a foothold here. For in Indianapolis they found an active and potentially active racism akin to the governing spirit of their beloved Southland.

It is true that Negroes are not tarred and feathered here, but they are daily lynched spiritually. The callousness with which the leaders—political, business, economic and religious—accept and condone the humiliations which Jim Crow imposes upon those who are not white bespeak among the populace a psychotic condition favoring racism.

Among all these leaders there seems to be a tacit agreement that Negroes should accept with complacency the role of second class citizens and that those who are not white be suppressed as disturbers of the delicate balance between the races.

It is true that occasionally a concession is made to the malcontents by setting up a Mayor's committee as a sort of window dressing. Or an anti-racial bias ordinance may be passed and given to the Mayor or veto.

The gentlemen who attempt so childishly to pull the wool over the eyes of the unsuspecting Negro have deluded themselves into thinking that the Negro is a child and will be leave their pious lies of goodwill.

When they decide to the satisfaction of all decent citizens that gambling is to be eliminated their raids begin and end in the Negro neighborhoods and the daily papers which are

mark in 1917, the United States has had to subsidize them. The purpose of the legislation is to bring the people of the Virgin Islands to a point of self-sufficiency where they will be self-supporting. As one means of doing this the corporation would be empowered to encourage and promote the investment of private capital in industrial, agricultural, commercial, or related enterprises or activities in the Virgin Islands, and also to encourage, promote and develop, and to assist in the development of, the tourist trade in the Virgin Islands.

The bills were introduced in the House by Representative Richard J. Welch, of California, chairman of the House Public Lands Committee, and in the Senate by Senator Hugh Butler, of Nebraska, chairman of the Senate Public Lands Committee.

reluctant to publish news of Negroes gave great spreads to these evidences of Negro criminality.

The Negroes who attempt to have themselves treated as citizens in down-town restaurants get no aid from the law enforcement authorities and the pretext that such action will precipitate trouble. Not only are Negro children herded into separate schools but they are definitely encouraged to use only the miserable parks and playgrounds set aside for the untouchables and the churches of the city maintain separate congregations, Bible schools and vacation schools.

None of the civic, moral or political leaders of the dominant group raises even feeble protest when the city grants a franchise to a concern to operate an amusement park from which Negroes are barred except on one or two days set aside for them at the end of the season. Some of these so-called people, goodwill occasionally meet with a handful of Negroes and discuss the "Negro" problem and lamenting that it will take education to change the picture, go home with their consciences placated.

While they mention education, they are careful to see that no such education can be provided. Some of the Negroes (an ever-decreasing number) are taken in by their professions of friendship and caution their hapless fellow-sufferers to be patient.

Many of these Negroes have the epithet of Uncle Tom heaped upon them by Negroes and leaders of their people" bestowed upon them by our so-called white friends. Thus they find themselves in the unhappy position of running with the hares and hunting with the hounds.

In the resultant bickering among the Negroes the white manipulations go undetected and Indianapolis continues to be a paradise for race-baiters.

A mass movement among Negroes here is needed to educate the public on the evils of the Indianapolis pattern and by persistent effort to help steer our city toward the American ideal of democracy.

CARNEGIE FUND AIDS U. S. DRIVE ON ILLITERACY

By JAMES L. HICKS

The three-point program started last year by the United States Office of Education to reduce illiteracy among 3,000,000 colored and 7,000,000 white adults in the United States gained impetus here last week with an announcement by Dr. John Studebaker, United States Commissioner of Education, that the Carnegie Corporation of New York has made an additional grant of \$25,000 for continuation of the project.

The program was originated last year by Dr. Ambrose Caliver, specialist in Negro education in the Office of Education, and was launched with a grant of \$24,000 by the Carnegie Corporation.

It has as its three major objectives: (1) the development of tentative instructional materials suitable for teaching adult illiterates; (2) the preparation of a limited number of teachers and leaders in adult education, and (3) the encouragement of cooperation among educational institutions and community organizations in making a broadside attack on problems of illiteracy throughout the nation.

Va. and Tex. Players Win Midwest Tennis Tourney

By ORLANDO G. RODMAN

Friday, August 15th, at North-western Park, the "Bronze Star," Elizabeth Stanfield, lost a hard-fought tennis match to Althea Gibson of Lynchburg, Va., 7-5, 6-2, and Miss Gibson won the women's singles championship of the 1947 Midwest Tennis Association. The "Bronze Star" ran up an early lead but succumbed to the superior stroking and better net play of Althea Gibson. Play started at Douglass Park on August 11th but rain on Thursday forced the play to be resumed on the hard courts at Northwestern Park.

Harry Douglas of Detroit won the junior singles by turning back Mark Shields of Wilberforce, Ohio, in a bitter three-set battle, 6-3, 7-9 and 6-4.

On Saturday morning Lloyd Scott of Prairie View, Texas, added another trophy to his collection by defeating Delbert Russell of Detroit, 6-4 and 7-5 in a match featured by Russell's drop shots and unannounced placements and Scott's terrific drives and all-around court play.

Lloyd Scott and Leon Woods of Texas won the men's doubles from the Chicago tandem of Wilbur Clark and Robert Bennett in straight sets, 6-4 and 6-3.

Dr. Robert "Whirlwind" Johnson and Althea Gibson of Lynchburg, Va., were leading Delbert Russell and Lillian VanBuren of Detroit 6-4, four-games-all in second set when rain interrupted play. Due to the Virginia duo's previous tournament commitments it was decided to divide the trophies among the four players concerned. James Martin of Indianapolis upset Jack Points of Wilberforce, Ohio, ranked No. 25 nationally, 8-6 and 6-3, and gave Lloyd Scott, ultimate champion, a terrific battle before losing 6-2, 6-4, to make the best showing of any male Indianapolis player. Marion Rice and Elizabeth Stanfield went to the semi-finals of mixed doubles, losing to Russell and VanBuren of Detroit. Bobby Grissom went to the semi-finals of juniors and lost to Harry Douglas of Detroit. Patricia Gunter, local girl, and Jack Points of Wilberforce lost a grueling three-set battle to Norman Morris of Detroit, and Jean Branche of Cleveland in a mixed doubles match.

Leroy Graves and Orlando G. Rodman lost a hard-fought men's doubles match to John Hurd and Horace Smith of Chicago, 6-4, 7-5. Sarah Waller of Indianapolis, playing in tournament tennis for the first time, made a creditable showing in the women's singles and mixed doubles. Marion Rice, Hobson Ziegler, Ralph Richardson, Frank Kendrick, "Sonny" Froman, Vernon Whitney, and Henry Jacks also participated in the tourney. Brownell "Wimbleton" Payne acted as tournament chairman and ran the tourney in an excellent fashion. "Wimbleton" also played in the tournament and went down swinging at Delbert Russell's placements and drop shots as did another Indianapolis player, Rodman.

Summary of play:

Wednesday — "Babe" Jones, Baltimore, defeated Leon Woods, Prairie View, Texas, 8-6, 6-1; Delbert Russell, Detroit, defeated Marion England, St. Louis, Mo., 6-1, 6-1; Wilbur Clark, Chicago, upset fourth seeded Robert Bennett, Chicago, 6-3, 7-5; Marion Rice, Indianapolis, defeated Hobson Ziegler, Indianapolis, 4-6, 6-2, 6-4; Leon Woods, Prairie View, Texas, defeated Marion Rice, Indianapolis, 6-0, 6-3.

WOMEN'S SINGLES — Althea Gibson of Lynchburg, Va., won a hard-fought match from Elizabeth Stanfield of Indianapolis on the asphalt courts of Northwestern Park by winning 7-5, 6-2. Stanfield led 4-1 but Gibson stroked furiously and began rushing the net while Stanfield continued to play a retrieving, base-line game. Then Miss Gibson began drop shooting to bring Stanfield in and then either lobbed deep or executed passing shots. Although most games went to deuce, Gibson won the game points to edge out the first set, 7-5. In the second set after two games all, Gibson resorted to her beautiful overhead smash and pressing net game to run out the deciding set, 6-2. Stanfield must develop a net game to cope with Miss Gibson who has a marvelous repertoire of strokes, a beautiful physique, and a terrific overhead smash.

MIXED DOUBLES — Delbert Russell and Lillian VanBuren of Detroit defeated Marion Rice and Elizabeth Stanfield of Indianapolis, 6-1, 6-1 in a mixed doubles semi-final match.

George Godfrey Dies Penniless In Los Angeles

LOS ANGELES (ANP)—George Godfrey, 300-pound ex-fighter, was found dead in his bed here last Wednesday. He had been under treatment for heart disease. In the absence of known relatives, friends made funeral arrangements.

The former heavyweight challenger had worked as a nightclub bouncer since the California Boxing commission banned him for life when he took a severe beating from Hank Hankinson back in 1937. At 35, he was told that he had "outlived his usefulness," and that he was too old to protect himself.

A lavish spender, "Big George" had nothing to show for the 22 years that he spent in the ring and resorted to the bouncing job for a livelihood. Although he was a frequent challenger, he never became a champion.

On their last appearance here the Senators split a doubleheader with the All-Hawaiian Stars in the Recorder Charities benefit twin-bill.

The Choochoos have played spectacular baseball this season and have in their line-up such nationally known stars as: Felix Manning, playing manager who pitches and holds down first base; Harry Barnes, hard-hitting catcher, and a promising young pitcher, Lindsey "Pie" Silvers, known as the "Satchel Paige of the South."

BIG LEAGUES HAIL JACKIE ROBINSON AS TY COBB TYPE

BROOKLYN (ANP)—Experts of the major leagues last week hailed Jackie Robinson, the Brooklyn Dodgers' speedy first baseman, as a second Ty Cobb.

Robinson's base stealing tactics, they said, remain challenged only by the flashy Georgian, who amazed and harassed pitchers a few decades ago in a manner the Negro first baseman is doing today. Although Robinson has lost a few points of his .300 batting average, he stole his 17th base against the Boston Braves Wednesday to continue his base-stealing habit and lead his league in bases stolen.

Here is why major league baseball experts consider Jackie a second Ty Cobb:

1. Dashed all the way to second against the Chicago Cubs on a fourth ball wild pitch that went past the catcher.
2. Ran from first to third on a sacrifice and when the Cubs left the latter base uncovered momen-

tarily, continued home as the third baseman failed to get back in time to handle the throw from first.

3. Trapped off third by a sharp grounder to short, he engaged the Cardinals in such a lengthy rundown that Dixie Walker, the hitter, was able to get all the way to third.

4. Scored from second base as Billy Cox, Pittsburgh shortstop, threw out Carl Furillo on a hard hit grounder.

Robinson recached first on two bunts in Wednesday's game against the Braves and scored twice to increase his runs scored total to 55, being led only by New York's Johnny Mize. He harassed rival pitchers by seizing advantages of mental lapses and grabs an extra base on hits by teammates.

Clowns, Red Sox Play 3 Games Over Weekend

The Memphis Red Sox one of the most popular baseball teams of the Negro American League, trounced here recently by the Indianapolis Clowns will return to Victory Field this week-end for a three-game series with the Clowns.

The two teams will play a night game on Saturday evening, August 22, beginning at 8:30 and a double bill on Sunday afternoon, beginning at 1:30.

Memphis will be in a good way to carry out their plans as they will have with them their great pitching aces, Dan Bankhead and Verdel Mathis, who were at the East-West Game when Memphis took that drubbing here from the Clowns.

By the same token, the Clowns were minus Goose Tatum, who was in the East-West game, and could not pitch Johnny Williams, who had to be saved for the eastern East-West classic played a few nights later in New York.

Memphis will bring their great array of stars including Bankhead, Mathis, Spoon Carter, Neal Robinson, Larry Brown, Red Longley, Bob Boyd, Casey Jones, George Handy, Willie Yells Jr., Marlin Carter, Fred Bankhead, Bubba Hyde, and the two Cuban sensations—Pedro Formentor and Jose Colas.

Manager Brown has indicated he will pitch Bankhead, Mathis and Carter in the three games.

The Clowns, who have been clicking at a sensational pace, plan to have Johnny Williams, Juan and Tomas Quinones ready to take the mound in the three games.

Sam Hairston, the Clowns' hustling third-baseman and catcher, will be continuing his drive for the Negro American League batting championship. He and Art Wilson, Birmingham's shortstop, are virtually neck and neck in the drive for the honors.

Grays Defeat N. Y. Yankees, on Four Team Double Bill

WASHINGTON, (NNPA) — Washington's Homestead Grays extended their August stadium record to three straight victories on Thursday night, defeating the New York Black Yankees, 6-3, in a National Negro League game which featured a four-team twin bill at Griffith Stadium.

A crowd of 4,000 stayed through the torridly hot weather to watch the nightcap as the Memphis Red Sox edged the Birmingham Black Barons, 5-4, in 11 innings.

Frank (Groundhog) Thompson kept his unbeaten stadium record intact by allowing the Yanks six hits over the nine-inning route as the Grays nipped Al Newkirk, of the Yankees, for ten hits. Luis Marquez, with three for five, and Bob Thurman and Sam Bankhead, who got two each, led the Grays attack.

In the nightcap, Verdel Mathis, southpaw ace, limited the Barons to five well scattered hits and was airtight in the pinches. His mates blasted Jim Perry for fifteen hits, but were unable to push across the winning tally until the top half of the 11th.

THIS COULDN'T HAPPEN IN THE CAROLINAS

THIS, my friends, will probably shock our Southern brethren of the South. The "You-alls" who resent Northern "meddling" won't like this picture story. In the South, you see, much time is spent in tracking down Negroes, attacking them, beating them unmercifully, sometimes shooting them to death—lynchings.

Two wars were fought and won by Americans. Many Negroes from the South fought and died for Democracy. (This is their just reward? Lynching, that is.)

No, this couldn't happen in the Carolinas, Sub. The story of Connie Boswell, white, Apollo recording artist, in a recording session with Freddy Norman, Negro musician and composer. That's Jerry Jerome, Jewish, musical director, looking on the score with great concentration. Oh, yes. The musicians are Protestant, Catholic and Jewish. Incidentally, Connie's first release for Apollo was "Chi Baba Chi Baba," backed by "There's That Lonely Feeling Again."

'Richard' Finally Answers!

Ted Yates Publications

NEW YORK (IPS.)—At last, here's that man "Richard"—and look who he turned out to be—Stepin Fetchit! Apollo Records revealed the big secret. "The door didn't open" because Richard actually was Stepin Fetchit, lazy man of the films—Stepin was too tired. Alas, it appears he still hasn't answered! Here he is giving "Richard's Answer." On Apollo's hit sequel "I Ain't Gonna Open That Door!" Stepin scores tremendously.

CONTRASTS IN JAZZ

Dixieland jazz and be-bop represent two extremes in jazz with each style having its rabid partisans. Two Keynote albums are available, and those who are uncertain about Dixieland and be-bop or who like both will find plenty of the stuff they've got to have.

Fazola a Dixielander, led by the great clarinetist who starred with the old Bob Crosby outfit, render six sides. JAZZ ME BLUES, BOMEDAY SWEETHEART, MOSTLY FAZ, WITH YOU ANYWHERE YOU ARE, ISLE OF CAPRI and WHEN YOUR LOVER HAS GONE. This is a variety of moods with "Faz" being a slow blues and "Sweetheart" having the best beat. The tailgate trombone is quite relaxed and trumpet has overtones of Muggsy Spanier. Only weak point is the tenor sax which sounds out of place. The album has fire, spirit and some very good jazz.

Three groups give out in the Be-bop album. Dave Lambert and Buddy Stewart, easily the best of the be-bop singers, do A CENT AND A HALF and CHARGE ACCOUNT backed by Red Rodney who fluffs several notes on trumpet. Another group includes Neal Hefti, Kai Winding, Chubby Jackson and Charlie Ventura on I WOKE UP DIZZY and SLOPPY JOE'S. With a lineup like this, the stuff has to be good. Red Rodney leads another unit for the final two sides continuing the only standard tune, FINE AND DANDY, backed by ELEVATION, and Serge Chaloff's baritone steals the show. This is not too extreme and may please those who ordinarily don't like the style.

Sarah Vaughan, the song stylist with the serpentine voice, entwines her clear and beautiful tones around four new sides for Musicraft that should add to her following. Titles are DON'T BLAME ME and TENDERLY; I'VE GOT A CRUSH ON YOU and PENTHOUSE SERRADE. These lush songs were made for her. Jan August, the strong fingered pianist, is at his best on Latin tunes which he does extremely well, but is boring and uncertain on boogie woogie which he attempts on Diamond with a number called JAN'S BOOGIE. It flops, but the plattermate, TANGO OF THE ROSES, and both faces of another Diamond, OYE NEGRA and JAN'S CUCARACHA, are sterling stuff.

BUDDY JOHNSON STARTS ON TOUR

ST. PETERSBURG, Fla. — Buddy Johnson and his "Walk 'Em Rhythm" orchestra, who can certainly lay claim to the distinction of being the "traveling band in the land", have embarked upon another lengthy road tour, this time on a trek that will carry them through every southern state on 44 consecutive one-night stands.

A recent survey showed that, over the course of a year's time, the Johnson band covers more than twice as much territory as any other band. With this in mind, Buddy recently purchased a deluxe touring bus of his own, thus cutting down greatly on traveling expenses and enabling him to cover even more territory than before.

On each of his one-night dance dates, Buddy will conduct his world-famous "Fine Brown Frame" contest to select sectional finalists for the "Miss Fine Brown Frame of America" Pageant of 1948, which will be staged in Chicago next December.

Hollywood Decrees New Fall Styles

By ESSIE MAE SEABRON

HOLLYWOOD (ANP) — Admitting that women's hat styles always bewilder him, Harry Levette assigned me to investigate the fall hat situation. Following is a digest of advice and news from smart Sunset and Hollywood boulevard milliners, also from studio designer to the stars.

Septia actresses are just as fastidious about their hats as are the Caucasians, and don't hesitate to tap the king's ransom in extravagance. Some of the actresses seldom publicized since they are still in the "bit", or atmosphere class are nevertheless as particular hat choosers as their more famous sisters.

Included in these are Louise Franklin, Avonelle Harris, Doris Ake, Francis Driver, Mae Johnson, Mariana Cortina, Agnes Lloyd and Mildred Boyd.

For this coming season wear hats that are hats. Broad brims are particularly suited to the new, longer hemlines, lowered waists and the fuller silhouettes. Don't think you must shun big hats if you happen to be short. So long as you carry yourself well and keep your hat in scale with rest of you, it will look new and right.

Hats, to be dramatic, should be simple. Clothes this fall will look soft and feminine, and that's another good reason for hats with character and form. Felt, ever classic, stands at the head of the list. Especially rich, fur felt.

GWEN TYNES IN CANADA

MONTREAL, Quebec: Gwen Tynes, native of the province returned here this week after nearly five years, for a featured spot in the new Cafe St. Michele revue.

Since leaving Montreal Miss Tynes toured the United States as vocalist with Andy Kirk's orchestra, appeared in leading New York clubs, toured overseas with a USO unit and recently completed a role in the new Joe Louis-Babe Wallace picture "The Fight Never Ends".

ILLINOIS JACQUET INSURES LUNGS FOR \$100,000 — NEW YORK (ANP) — Illinois Jacquet, youthful "dynamo of the saxophone," took out a policy insuring his lungs for \$100,000 against injury caused by his saxophone playing, just before departing with his high-flying sextet for a swing through the middle west.

Jacquet, whose upper register sax tooting causes a tremendous strain on his lungs, availed himself of this protection on the advice of his personal physician, who expressed sheer amazement at the fact that Jacquet's lungs are in perfect shape in spite of his reckless blowing.

West Coast Station Plugs Interracial Programs

CHICAGO — A Hawaiian restaurateur and a Negro food editor were the latest pair of interracial guests on the Los Angeles County Committee on Human Relations week-end "These Are Your Neighbors" broadcasts over the aCalifornia city's radio station KRKD.

The programs introduce members of various races and mention the fact that each guest is of a different cultural background. The announcer then invites the radio audience to determine for itself just what groups the guests belong to.

In featuring Hawaiians and Negroes on its recent broadcast, "These Are Your Neighbors" selected two food experts, George Plitz who owns Vagabond House and Mrs. Freda DeKnight, food editor of Ebony magazine.

The above pictures show some of the many guests who attended the gala re-opening of the beautiful and modernistic Kat's Playhouse, located at Agnes and Michigan, last Monday evening. The play spot was recently remodeled and re-decorated making it one of Naptown's finest nite spots. The playhouse management extends an invitation to you (the general public) to visit, dine, wine and enjoy yourself while entertaining your friends here. Lovely waitresses will graciously serve you a variety of delightful mixed drinks and fine foods to make your evening an enjoyable and pleasant one. For coolin' and refreshin' entertainment—visit the Playhouse, Michigan Street at the corner of Agnes. —(Photos by "Edsel.")

Singer, Husband in Dining Car Row, Told Railroad Ordered Bias in Defiance of Law

GREENSBORO, N. C. (ANP)—Southern Railway system doesn't give a hoot about state and federal laws banning discrimination against first class interstate passengers, according to F. E. Newman, white dining car steward of the company's crack Piedmont Limited.

Newman made this statement to

Dick Campbell and his concert singer wife, Miss Muriel Rahn, here last week when the couple boarded the train after Miss Rahn's concert appearance at the New Farmers of America convention.

The Campbells entered the diner and proceeded to the "reserved section" behind the curtain, where (2)

tables were supposed to be set aside for Negro passengers. There they found one table occupied by three colored passengers, and the other, across the aisle, held by two white soldiers. Thinking the soldiers were defying the Jim Crow law—more than 20 seats were available in the "white" section—the couple sat down beside the soldiers and called for a menu.

Newman, answering their call, ordered them to move because

they were violating the law.

"The two white men are violating the law," Campbell replied. "Why not order them up?" He asked the steward to produce a copy of the interstate commerce law or other proof that he was the guilty party. "Negroes are entitled to two tables behind this curtain," he said.

With a benign smirk, Newman said "The Southern only reserves one table behind the curtain for your people and since that one is occupied, you'll just have to stand and wait like the rest of the Negroes."

Campbell protested. "How long has this been going on? This is a violation of state and federal law."

"Haven't you heard, sir?" the steward replied. "We're not operating under the government anymore. We're working under the Southern Railway system. We get our orders from them, now."

The two soldiers, one a lieutenant, and the other an admitted "non-com" from Virginia, began to abuse the couple, aided and abetted by the goading of the steward.

GOSSIP OF THE MOVIE LOT

By HARRY LEVETTE

HOLLYWOOD (ANP)—Distribution departments of a few A.N.P. papers can be congratulated. In the publicity departments of 10 major and 10 independent studios, visited last week, we saw them being gone over in the tear-sheet rooms, and clippings concerning the industry cut out and filed. Made us mighty happy to see the "O Kolyum" drawing especial notice. Incidentally they liked the idea of the rank and file of septia players getting an occasional break. There's a lot of future stars among them, if and when the Caucasian public gets democratic enough to accept them.

LIONEL HAMPTON's and LOUIE ARMSTRONG's new musical shooting by Sam Goldwyn Productions on the United Artists lot swung into the elaborate cabaret scenes last week, again affording a large number of these seldom publicized, but very important players an opportunity to not only make some of the new improved day wages, but also add to their experience and establish them in the picture to be released. Included were beautiful Louise Franklin, talented star of the stage success, "Two In A Bed," and featured in many motion pictures; Juanita Moore, pretty, graceful chorine, who like many others got her first start in Earl Dancer's "Lucky Day"; May Johnson, who served as stand-in and double for Billie Holiday all during the filming of

Tiny Bradshaw and his famous "Jersey Bounce" orchestra will do their number for Hoosier hep-cats Sunday nite at the Green Lantern, located in Anderson, Ind. The spot is air-conditioned with plenty of tables and chairs to accommodate hundreds of dancers from Indianapolis, Muncie, Kokomo, Richmond and other nearby cities.

The Green Lantern is rated as the most beautiful ballroom in Indiana and a capacity crowd is expected to be on hand when the great Tiny swings out in all his glory for the first time in this neck of the woods in several months. So, come on over and get in the groove, and meet a real sander from way back.

General admission is \$1.75.

"New Orleans": Agnes Lloyd, model for Hollywood artist and sculptors; Joan Douglas, in private Mrs. Harry Douglas, and mother of two fine boys; Willie Pearl Curtis, genial movie veteran; Geraldine Harris, also well known in the films; Lawrence F. DICKIE WELLS PLANS RETURN TO FOOTLIGHTS

NEW YORK — Considered for many years one of Harlem's favorite and most popular performers, the dapper Dickie Wells plans to return to the footlights.

A full-fledged New Yorker, born and bred Mr. Wells began his rise to fame at the peak of Negro show business during the 1930's when he was an entertainer of the vaudeville trio Wells, Mordecai & Taylor. They were among the top flight headliners that played the leading theaters from coast to coast of the Keith, RKO, Loew's Paramount and Warner Circuits. Also, as greater entertainers they added laurels to their brilliant career having toured Europe.

Later, in 1934 Mr. Wells retired from the stage and became manager, host and producer of the internationally famous night club bearing his name, in Harlem. His bistro was the favorite rendezvous for Broadway and Park ave. socialites and Hollywood stars and celebrities. It was there that Dickie Wells' name became synonymous to Broadway nightlife. Frequent ed by such well-known personages as Errol Flynn, Tallulah Bankhead, Franchot Tone, Brenda Frazier, Ella Logan, Martha Raye, Walter Winchell and many others.

8-19-47—Mr. Tandy could it be that a certain wise guy on the avenue is taking a beating from the New and Used Car racket 1st car, 1946 Dodge sponsored by B. Pope Jr.; 2nd car, Towne and Country Chrysler, a good deal but here is the payoff, 3rd car, "used" 1946 Olds, but wise guy "thought" it was a 1947 and lost nearly \$1,000 on the deal. It is always news when "wise" guys get taken for their dough, so I thought I would pass this along to you for publication.

When the state police wanted their headquarters moved they were open for bids. Many trucking companies were interested but a little bit surprised when Marion Stuart got the contract. He agreed to do the job in a fortnight. Did it in 8 days and got a letter of congratulation from Executive office, Maj. Robert O'Neal. Stuart moved everything for the state troopers: ammunition, office equipment; guns, racks, small firearms and etc. He is now operating in seven states. Attention: Grant W. Hawkins, that address you wanted is 731 Kinney st. It is not listed in the City Directory so it may be spelled Kinney or Kanny. Some weeks ago we said that if the owners of the Veterans Cafe (ex-Oriental) would knock off the huge hoop on top of the building that the cafe would be the most attractive on the main stem. At that time the owner smiled and said it was too expensive but during the last two weeks he has had brick masons busy on the job and they have finished with great results. The hoop is gone and the windows are modernized and there is new brick, too. A very much-needed but well-done job. Guy U. Blaine, who threatened to build even another Elks Lodge, is doing so. It is Greater Indianapolis Elks Lodge 1233. The Cats Playhouse, closed temporarily for better, opened up again Monday night in new colors and new upholstery. As usual Charles (the Cat) Edwards was the No. 1 host. He's great.

After the floor show at the Sunset Sunday Gatemouth Moore and Helen Humes, both celebrated singers, were entertained at the Pyramid Sports Club. They discussed the new musical rave of Chicago and the Eastern seaboard, Fool That I Am, sung by Gladys Palmer-People who know songs say that she is a tear singer. That is as good a description as any. The demand for Fool That I Am is too great to be filled here. It is on 99 percent of all juke boxes in Chi.

Myrtle Logan, who wears and looks so well in some types of hats and dresses, is on a vacation. Among others one fellow in particular wants her to cut it short so they can scatter star-dust together and make the rainbows meet. Well, anyway she promised to call him as soon as she arrives, but when? A major shake-up may be coming soon in the police department and will most definitely concern Negroes. Watch for it, then carefully think backwards.

Opal Allen, the Windy City dress designer, was here last week and was the guest of Jeff Woods, the deputy sheriff. Here husband joined them later and they gind some and sinned some (smiles). Word comes down from Chicago also that a miniature riot is brewing. No confirmation yet.

A man complains that the Walker Theater has hard wooden seats. The man may be honest in his complaint and maybe would really appreciate better seats. But anyone who has been going to theaters for at least five years will certainly remember that this theater used to have the best of soft seats and why aren't they there now? Because wood by itself is a little harder to cut than when it is wrapped in leather. You usually get what you ask for.

Mary Martin, one of the few neat women, is having guest-relatives from New York. They represent the Young People's Christian association. Robert Clark, member of the Bronze All Stars, is re-joining his unit after staying here a while with Charles Duncan—Bessie Black, Evansville, made a personal gin-tour of Indianapolis last week in the company of Roy Clements and Andrew Kuykendall, all of Etown, same city. Snookum Russell quieted everybody down in the Ritz Tuesday at the cocktail hour while he played Summertime. Among the listeners was Ethel Kirk, the late-shift Coffee Pot waitress. Viola McGuire Jones and Nancy Bacon are back home after a pleasure that allegedly took them to Canada.

Recently there was a disturbance in a white neighborhood. All police cars in that area were busy so Lieut. Leo Troutman, desk lieutenant, dispatched Sgt. Jesse Hadley and his crew members in squad 12, and also car 27 to that area. Some of the participants were angry and resented Negro policemen. Later when they were in service again he sent a white squad there and they too resented Negroes being there. Troutman went to the scene personally and declared to all persons "I do not send policemen according to their color but according to where they are needed. If a Negro officer goes there and does not act like a real policeman then I'll get on him, too. It has to be done right. That's the way it should be." Lieut. Troutman has always been like that as long as I can remember. Negro policemen almost to the man want Troutman to hold a higher rank than a lieutenant. They believe that he can "take it". He can, too.

Jackie P.'s Music Company Gets Shipment Of Juke Boxes; Offers Day, Nite Service

Jackie P. Saunders, the vendor man, has just received a shipment of beautiful new juke boxes, and will begin distributing them some time next week. These machines are of the latest design and streamlined in every way, and should add much to the beauty of any business place.

I tell her I am going to do better and as soon as I leave her, I go right back to the woman I used to go with. I know I know I don't love this woman and I want to know what to do to leave her alone?

Ans.: Spend your evenings in presence of your wife and the temptation to visit the other woman will not be so great. Should your money run short, the other woman would suddenly lose all interest in you. You love your wife—change your ways before it is too late.

Z. C. B.—I am strongly considering selling the old home place as I am an only child and I am permanently located here in the city in a home of my own. It requires too much of my time going back and forth looking after the property. Would it be wise to sell?

Ans.: There is no reason why you should not dispose of the property if you find it a burden and worry. Put it up for sale. It won't be difficult to find a buyer as the property is very desirable and in a good location.

N. O. L.—I am coming to you, hoping you can help me with my girl friend. She is a nice girl in every respect but she likes to drink and when she drinks, she runs around with men. I want you to let me know what to do about her?

Ans.: Don't take her seriously as long as she drinks and runs around. She couldn't be in love with you and behave in this manner. Insist on her going on the water wagon else you had better look for a new girl friend on which to center your interest.

P. I.—My husband and I have been separated two months just because his mother and I couldn't get along. His mother said as long as she lived, he was going to listen to what she said and after she passed, I could take over what I do to do.

Ans.: Get in touch with your husband and have him come where you are to live. You can get happiness if you live in an apartment away from his folks but a divorce is inevitable if you return to him there in his mother's home.

P. C.—I am having lots of misfortune here lately. A man is trying to buy the place where I'm renting. He has a place of his own but dislikes us very much. Is there anything we can do to keep him from getting it?

Ans.: No, not unless you swing a deal and buy the property yourself. You are only renting and the owner has a perfect right to sell at any time and to any one whom he chooses.

B. N. C.—I corresponded with a fellow from Chicago for 13 months. He convinced me that he was serious and asked that I come there and we would get married. I made all my arrangements to wed and arrived in Chicago the 15th day of July. We were to marry immediately. He put it off, day by day for a week so I packed my things and came home. Did I do right?

Ans.: Indeed you did. He did not live up to his promises and

Fireman Relates Last Words Said By "Casey Jones"

JACKSON, Tenn. (ANP)—Slim Webb, who fired No. 382 when Casey Jones pushed it to its fateful ride 47 years ago, recalled the famed engineer's last words last week when a monument was unveiled on Jones' previously unmarked grave.

The famous Casey of song and story was extolled by the speech-makers while the small crowd stirred uneasily in the boiling sun in the quiet of nearby Calvary cemetery. Many nice things were said about Casey.

But Webb, who was with Jones just before the crash, stole the show as he recalled the engineer's last words:

"Oh, Slim! The old girl's got her high-heeled slippers on to-night." (Casey was trying to make up the 30 minutes they were running late, out of Durant, Miss., trying to take the southbound mail from Memphis to Canton, Miss.)

The ceremonies were presided over by Columnist Lucius Beebe and Railroad Photographer Chas. Clegg, a couple of New Yorkers who sponsored the monument.

FBI TO PROBE ASSAULTS ON CHICAGO HOMEMAKERS

CHICAGO (ANP)—Fifteen white rioters, arrested here Thursday evening following an attack on Negroes in the vicinity of the newly constructed Fernwood Park project homes where seven Negro families moved Tuesday, face questioning by FBI agents to determine whether their anti-Negro demonstration was motivated by subversive elements in their community.

Observers here noted that the anti-Negro demonstrations, the third since the Negro families moved into the project homes, located in the all-white neighborhood of 104th and Halstead streets, follows the same pattern of violent action against Negroes whenever they seek homes outside the prescribed Negro ghetto.

Anti-Negro demonstrations early this year resulted in frightening two Negro veterans' families from the Airport project homes after the wife and child of one of the veterans were fired upon by an unknown assailant. The Chicago Housing Authority had originally allocated nine apartments in the project to Negro veterans, but racial violence prevented them from occupying the homes.

On Mayor Martin H. Kennelly's direct order to the police department, one woman and 14 men were seized. The woman is Mrs. Alberta Deere, 23, who is accused of throwing a brick at an automobile. Police also seized Dr. John S. Boersma, a 45-year-old dentist, when he attempted to protest against the arrest of another man.

All those arrested over 18 years old will be held for questioning by the FBI at the request of FBI agents seeking to determine whether subversive elements were involved, reported Ray Crane, chief of the uniformed police. A force of more than 500 policemen was required to stop 500 demonstrators from moving toward the Fernwood Park homes.

Blocked by police from molesting the Negro tenants, the hoodlums began throwing bricks at passing Negro motorists as they

passed through the community en route to Morgan Park. Several Negroes were treated at a nearby hospital for minor injuries and Patrolman George Gervigan was bruised when the demonstrators stoned a police squad car.

U. S. Girl Presides At Youth Confab In Oslo, Norway

By GEO. EDMUND HAYNES
OSLO, Norway (ANP)—An American Negro youth leader presided over the final session of the second World Conference for Christian youth here last week in which young people from 70 nations of all five continents and races participated.

Miss Rena Weller's session adopted no resolutions, but did receive reports from the steering committee on the many discussion groups into which the delegates had been divided for Bible study, for questions and considerations of many vital subjects such as the attitude of Christian youth toward governments and how the church can face our disordered world.

More than a score of the young people from different national and racial groups gave brief frank statements of their reactions to the questions which had been before the conference, which met for the first time at Amsterdam, Holland, in 1939 only to be discontinued by the approaching war.

The Oslo conference was held under the auspices of the World's Council of churches, the World's Alliance of the Young Men's Christian associations, the World's Young Women's Christian association and the World's Student Christian federation.

GA. CHAINGANG FUGITIVE WINS FREEDOM IN MO.

ST. LOUIS (ANP)—A Georgia chaingang fugitive was freed here last week by U. S. District Judge Richard M. Duncan, who ruled that Georgia's extradition request was defective.

Joseph Hudson, the 40-year-old Negro fugitive, faced a return to the penal camp from which he escaped after serving a year of a five to 10-year sentence for assault with intent to kill his wife when Gov. Phil M. Donnelly honored Georgia's extradition request.

Hudson, who lived at Oglethorpe, Ga., was arrested in 1944 for purchasing his wife with a butcher knife. He waived indictment and pleaded guilty to a criminal information. After his escape, he came here and obtained employment as a laborer until his arrest as a fugitive.

Silas E. Garner, attorney, went to his assistance upon the request of a local Negro clergyman. Garner filed a writ of habeas corpus for Hudson's release. Governor Donnelly, in granting the extradition request last May, held that Georgia's procedure of trial on a criminal information "was tantamount to an indictment, and that the copy of the information which accompanied the extradition request was sufficient."

LOST

a third of
your fuel bill

Without question, you are wasting fuel if your house is not insulated. And that means not just the attic floor but the walls as well.

Those are strong statements. We would like to prove them to you. Science tells us that a great amount of heat is lost through uninsulated walls which comprise 60 to 80% of the exterior surface of the house... heat that you've paid to produce!

But, Baldwin-Hill black Rock-wool applied in the sidewalls and roof stops this heat loss. The result? Fewer drafts, a healthier home and savings in fuel up to 40%. It's worth investigating. Call us—there's no obligation.
